**A MESSAGE FROM
THE PUBLIC SCHOOLS OF MARIN COUNTY
TO
PARENTS OF PRESCHOOL AGE CHILDREN**

Welcome to Marin County. As educators in what we believe are the best schools in Marin County, we look forward to having your children in our public schools very soon. It will be sooner than we think, no matter how young they may be! In order to prepare and plan for their arrival in our classrooms, please take a minute and call your local school district office to let them know that you have moved into the community and give the names, address and ages of your children. Here are the district and contact numbers:

MARIN COUNTY OFFICE OF EDUCATION

Services and Programs

The Marin County Office of Education exists to provide leadership and service as a community asset that earns and enjoys the respect and support of our students, parents and community taxpayers. One of 58 county offices which form the intermediate level of California’s education system, the Marin County Office of Education actively and effectively links state policy to local programs and needs. This link is made in several ways by:

- Providing programs and services to prepare students to be productive citizens;
- Establishing tangible, measurable criteria for the evaluation of all Marin County Office of Education’s programs and services;
- Insuring the quality of Marin County Office of Education’s programs and services by comparative and analytical evaluation of student achievement;
- Demonstrating the cost-efficient utilization of available resources by monitoring the balance between commitment and results;
- Providing effective, centralized services to the districts and schools in Marin County;
- Advancing technology and telecommunications for Marin’s students and the community.

The public served by the Marin County Office of Education voices its educational priorities through the election of the County Superintendent, who is the chief administrative officer and educational leader of the agency. A seven-member County Board of Education is elected by Trustee Areas to serve as educational and financial stewards for county voters and their communities.

County Program and Services

The Marin County Office of Education (MCOE) specializes in meeting the needs of local educators and students. In addition to offering a wide variety of services to meet the diversified needs of the county's school districts, the office also works closely with community groups and other educational agencies.

There are 19 public school districts in Marin County. Each district is governed by its own elected board of trustees, supported by both local and state funds, and responsible for the policies and operations of the schools within its boundaries.

The Marin County Superintendent of Schools and the Marin County Office of Education work with the California Department of Education to assist Marin County school districts and students. This assistance is given through a variety of resources, support services and student programs.
