Welcome!

Upon arrival, please grab a cup of coffee!

And, think of one word that describes what you stand for as a human. Write your name on a name card with this word.
Advancing Teaching & Learning in the Arts & Sciences (ATLAS)
Student Support & Academic Enrichment (SSAE)
Leadership Meeting

January 28, 2019
11am to 1pm

California Mathematics Project: North Coast

12 Public Local Education Agencies from Marin City to West Maring
Providing a Sustainable Road Map towards Equitable Inclusionary Practices in the Arts and STEAM Education Across the North Bay.

How does infusing the arts into general and special education classrooms as well as summer programs increase student engagement and deepen student learning?
Introductions

Who are you?

How do you perceive your role will help us all work towards answering the driving question?

Does your word connect to the driving question? If yes, how?
Today's Agenda

- Overview & The Why
- Today's Learning Outcome
- The Goal
- The Grant Project
- Youth In Arts
- S.T.E.A.M.
- Backwards Planning Map
- Environmental Leadership Academy
- Working Committees
- Upcoming Dates
- Revisit the Driving Question
The Why

We see a gap that needs to be bridged.

“I mean, one thing I know about change is we are not going to close the achievement gap without educators.”

~Margaret Spellings

*Data obtained from CASchoolDashboard.org
Overview & The Why

So, let’s start with our fabulous Marin teachers!
Today’s Learning Outcome

● Gain a clear picture of the Grant and its Process
● Understand our own role within the that Process
● Schedule Planning Meetings and Timeline
The Goal

Provide a well-rounded education for all students by enhancing access to the arts through art residencies, art education workshops, and STEAM education that engages all learners through the integration of all learning disciplines while exploring and navigating an environmental phenomenon or dilemma in a way that moves teachers and students towards stewardship and action.
The Grant Project

Major Products

- Complete Unit of Study for SSI (Summer STEAM Institute)
- Unit of Study Blueprint for each Grade Level based on the embedded frameworks and strategies mentioned above.

Reminder to put the following also on your calendar:
- Summer Institute Dates on your Calendar (June 17 to 20th)
- Environmental Leadership Academy Training (June 21st)
Let’s revisit our index card, our word & the driving question...

How does infusing the arts into general and special education classrooms as well as summer programs increase student engagement and deepen student learning?

- What are you most looking forward to?
- What remaining questions would you like us to address?

Thank you for being here! And being apart of this AMAZING work!
