Health Connected
has been one of the leading providers
of comprehensive sexuality education
in the San Francisco Bay Area
for more than 20 years.

Knowledge, skills, and confidence: these are the magic ingredients that make for an exceptional educator. At [Health Connected](#), we ensure that instructors will leave our training feeling well-equipped with all three of these essential components.

By the end of our training, you'll be poised, prepped, and energized to implement our [Puberty Talk](#), [Teen Talk Middle School](#) or [Teen Talk High School](#) curriculum in your school or youth program.

The 2018 editions of our curricula have been recently updated to be even more **Inclusive of diverse identities**. We have also added **brand new activities** to engage more students with different learning styles.

These trainings will make sure your district is in compliance with the [CA Healthy Youth Act](#) (new Ed Code) for sexual health education.
