

32nd MARIN COUNTY 2019-2020 MOCK TRIAL

VOLUNTEER JUDGE/COMMISSIONER INFORMATION

The Marin County Mock Trial competition supports approximately 120 high school students as they explore a working knowledge of our judicial system. The annual success of this program depends upon many volunteers. Local judges and attorneys generously contribute their time to preside over, score and mentor these young people through this valuable learning experience. Parent and/or community volunteers proctor the courts during the trials, keeping order in the courtroom. We are grateful for your interest and support of the Marin County Mock Trial program.

Presiding Judge/Commissioner

As a Marin County Judge or Commissioner we welcome your expertise in presiding over the Mock Trial Competition. Giving your time and energy to this program is a significant opportunity to educate high school students about our courts and the justice system. The time commitment is approximately two hours per trial and you may preside over as many trials as you choose.

Volunteer Registration Form due by November 20, 2019
