Friend Emoji Guide

- Super BFF**
You have been each other's #1 Best Friend for two months in a row. This is getting serious!
- BFF**
You have been each other's #1 Best Friend for two weeks in a row. Aww!
- Besties**
You are each other's #1 Best Friend. You sent the most Snaps to this Snapchatter, and they sent the most Snaps to you, too.
- BFs**
They're one of your Best Friends! You send a lot of Snaps to this Snapchatter, but they're not your #1 Best Friend.
- Mutual Besties**
Your #1 Best Friend is also their #1 Best Friend.
- Mutual BFs**
One of your Best Friends is also one of this Snapchatter's Best Friends!
- Snapstreak!**
You're on a Snapstreak! This appears next to the number of days that you and a friend have continually Snapped each other.
- Snapstreak is ending**
Your Snapstreak is going to end soon! Both you and your friend need to send a Snap to each other within 24 hours, or you'll lose your Snapstreak. Chats and Snaps sent in Groups don't count!
- Birthday**
It's your friend's birthday! This appears next to your friend's name on the date they entered as their birthday on Snapchat.

What Is Discord?

- A social media network used to chat, voice and video call, share videos and pictures.
- It's free to download and free to use. A premium version is available for purchase called *Nitro*.
- Often associated with those who play video games, Discord is becoming more popular amongst all social media users.

35

36

37

Finding Communities in Discord: Servers

- Servers appear as a row of icons on the left of the screen.
- To switch from one server to another, simply click the icon.
- Once selected, the server will display channels to choose from.

Discord mobile app interface showing a list of servers on the left sidebar.

38

Finding Communities in Discord: Channels

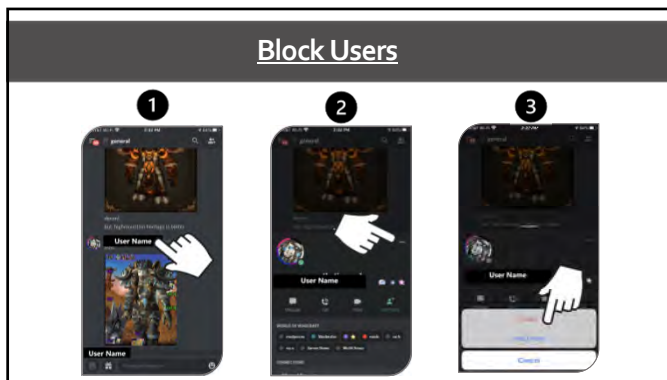

- Channels focus on specific topics.
- Click on the channel to join that chat.

Discord mobile app interface showing a list of channels within a server.

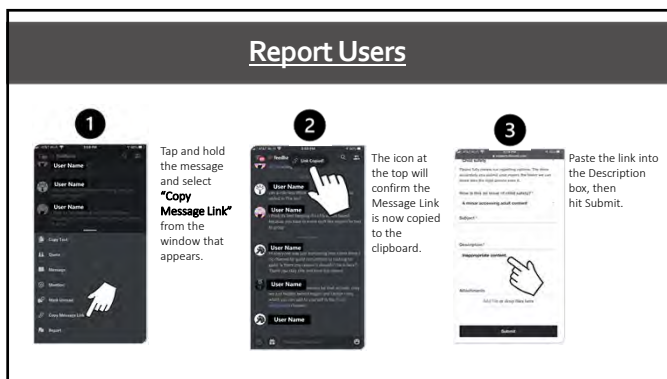

39

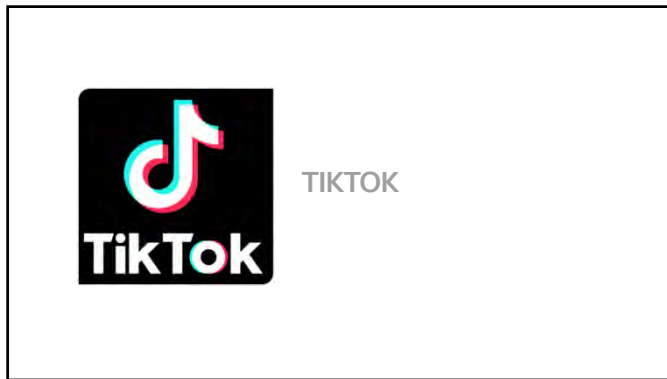

40

41

42

43

What Is It?

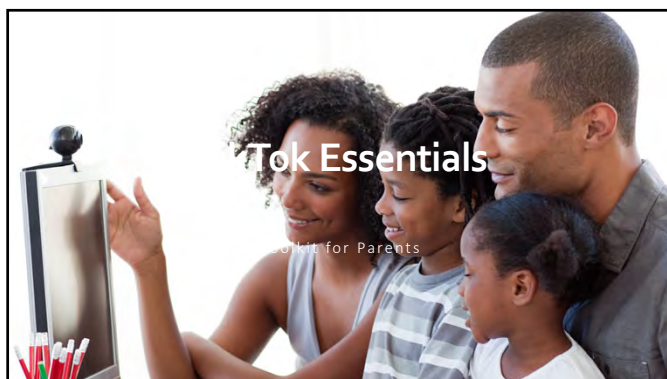

TikTok is a Chinese video-sharing social networking service owned by ByteDance.

TikTok was launched in 2017 and became available worldwide, including the United States, after merging with another Chinese social media service musical.ly in 2018.

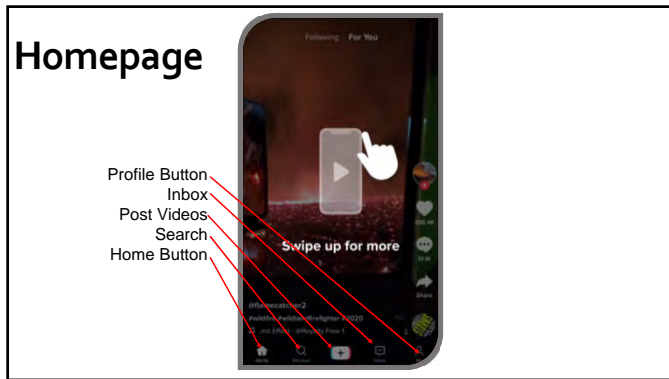

It is used to create short music, lip-sync, dance, comedy and talent videos of 3 to 15 seconds, and short looping videos of 3 to 60 seconds.

TikTok averted a ban in the U.S. (Oct 2020)- the app is still accessible, but its fate in the country is far from certain.

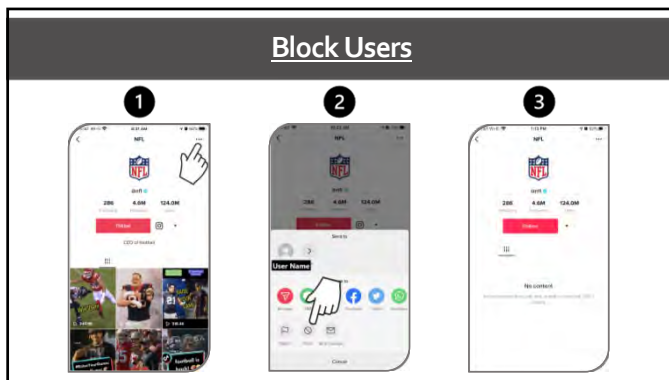

44

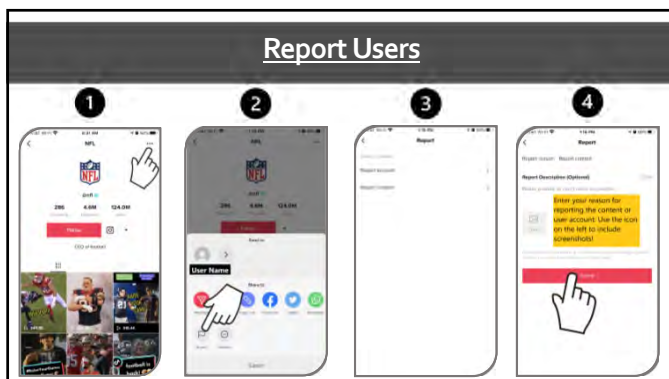

45

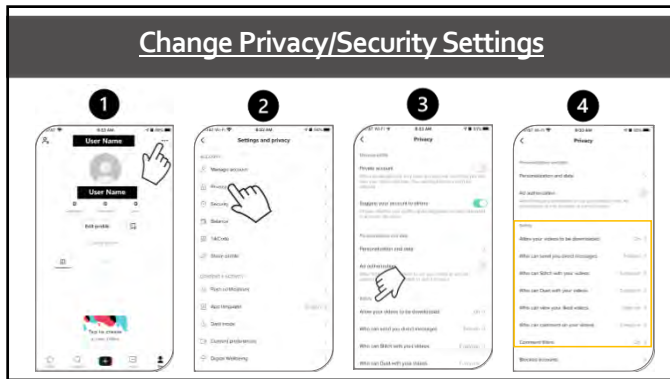

46

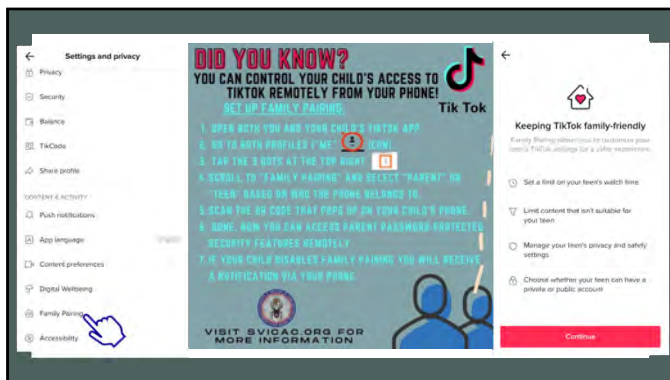

47

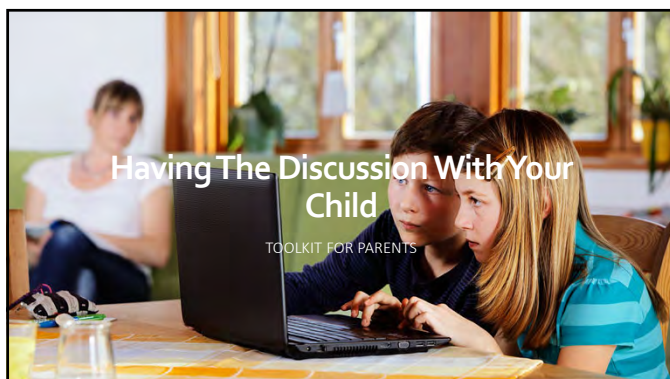

48

49

50

51

WHAT TO DISCUSS

1. Being safe online
 - The importance of not sharing location
 - Setting profiles to private
2. Set rules and guidelines
 - Limit screen time use
 - Appropriate websites and apps
 - Social media usage
3. Think before you post, text, share
 - Remind your children, once "send" is clicked, there is no undo button
4. Start the conversation now. The earlier the better

52

ACTIVE MONITORING

53

- **WHO**
 - Who are you talking to online?
 - Who are your "friends", "followers", and "following"?
- **WHAT**
 - What apps are you on?
 - What do you do on those apps?
 - What kind of content are you posting for the world to see?
- **WHERE**
 - Where are you posting information about your self? (photos, videos, personal info, snaps)
- **WHEN**
 - When are the appropriate times that children are permitted to be on social media?
- **WHY**
 - Why do they want to be on that particular app?

15 APPS PARENTS SHOULD KNOW ABOUT

SNAPCHAT Snapchat is a photo & video sharing app that prompts users that photos or videos disappear even though it doesn't. Snapchat allows users to view content for up to 24 hours and share their location.

TIK TOK Tik Tok is an app popular with kids used for creating and sharing short videos. With early limited privacy controls, users are vulnerable to cyberbullying and sexual content.

OMIGOD Omigod is an app with the slogan "This is Shogun!" It allows users to upload and share content without the need to register. The service prompts users to remove content when they chat personally using the terms "You" and "Shogun".

WHISPER Whisper is a form of anonymous social media, allowing users to post and share photos and video messages anonymously with strangers. It also reveals a user's location to people they meet up.

ASK.FM Ask.fm allows anyone to post anonymous questions and answers to anyone's profile and is increasingly being used as a means to cyberstare, abuse, bully, and harass content.

MEETME MeetMe is a dating social media app that allows users to connect with people based on geographic proximity. The app encourages users to meet each other in person.

WHATSAPP WhatsApp is a popular messaging app that allows users to send texts, photos, videos, and make calls and video chats. It does not require cell service & uses an internet connection on phones & computers.

CALCULATORX CalculatorX is one of several "adult" apps or social apps that appear to be a harmless app, but is used to take photos, videos, files, and browser history.

DISCORD Discord is a voice and text chat tool that allows gamers to communicate in real-time while playing video games. This app has become popular among teens and adults, but allows users as young as 13.

TUMBLR Tumblr is a blogging app & website allowing users as young as 13 to create an account. A range of content including inappropriate images, drawings of drug use, and offensive language are allowed. Pornography is easy to find and some are often reposted and shared.

YOUTUBE KIDS YouTube Kids is an alternative to YouTube with kid-targeted videos aimed at preschoolers to tweens. The app has some safeguards with some inappropriate ads warning that may in fact be hidden & parental control that require YouTube IDL requires parental controls.

KIK MESSENGER Kik Messenger is an app used for communicating with friends in group chats or direct messages. But also allows you to chat with strangers by accessing public chats to talk about interests or by using the search function.

LIVEME Liveme is a tool for broadcasting live streaming videos and watching others' videos. Tens of use specify that users be at least 18 or have parental permission, but group chats are often found broadcasting.

YUBO (formerly YELLOW) Yubo is often called the "Tinder for teens" because users swipe right or left to accept or reject the profiles of other users. If two people swipe right on each other, they can chat and look up on Snapchat or Instagram.

AUDIO MANAGER Audio Manager is another app designed as a "social" media or social app. It is used to do with messaging music and is designed to take messages, photos, videos, or other apps.

Apps Parents Should Know About

Lock Photos Private Secret Vault App for iOS devices. Only secret, self-hosted, encrypted content can be stored. Users can lock photos and videos, audio files, and files like PDFs. Users can even use a third-party password manager like LastPass.

AppLock AppLock is a password manager to secure Facebook, Instagram, Snapchat, other apps, and even private calls. Users can create a lock screen. Can be disguised as an empty folder or other icons.

Best Secret Folder Hides photos of anyone who files to a private folder. The app has a lock screen and a password manager. Can be disguised as an empty folder or other icons.

Gallery Lock Hides photos. After three failed password attempts, the app captures photos of the intruder. App icon can be disguised or hidden. Free, with ads.

KeepSafe Photo Vault Keeps photos, videos, and other content safe. App icon can be disguised as a calculator, clock, or other app.

Vault App: An application used to conceal photos, videos and messages from others who may use your device. A vault app may appear to look like a harmless app.

Apple's built-in "Hide photos" feature On iPhone, at the bottom of the photo or videos you want to hide, tap the share icon. Tap the "More" button. Tap the "Hide" button. Tap the "Done" button.

11 Popular "Vault Apps"

Vault Hide Photos & Videos (Android only) Can secure internet browsing history, text messages, phone calls, photos, and other content. Hides the app. Can be disguised as a regular app icon.

Archive Photos on Android Hide in app on Android. To view archived photos, tap the hamburger menu (three horizontal lines) and select "Archives".

Secure Folder (Samsung Galaxy only) Optimize "Secure Folder" for hiding photos, videos, apps, and more. Requires fingerprint scan, pattern, PIN, or password. To view, go to Settings > Lock Screen and Security > Secure Folder.

Secret Photo Album Hides internet browsing history and photos. Can be locked with password, PIN, pattern, and facial recognition. Shows hidden photos, videos, and other content.

Pin Safe - Private Photo Vault Hides photos and videos. Password, pattern, or PIN lock. Only accessible when the phone is locked. Hides photos, videos, and other content.

Brief Intervention Virtual Training for Substance-Using Adolescents

Sponsored by the MCOE TUPE Program

Free: Facilitated by Ira Sachnoff

Remote Training via Zoom

November 18 & 30, 2022

2 Session Training; must attend both

Session 1: 8:30 am -12:00 pm

Session 2: 8:30 am-12:00 pm

Description

Brief intervention counseling strategy consisting of 2-4 sessions for adolescents who can use alcohol, tobacco, and/or other drugs. This training concerns a specific intervention approach that uses motivational interviewing, cognitive behavior therapy, and the stages of change model to meet the needs of the adolescent.

Register here

Zoom links will be shared with you one week prior to the first training date

Learning Objectives

- Examine counselor's and other adult's attitudes and relationships with teens
- Learn to teach adolescents how to take a more active and reflective role in decisions about their own behavior.
- Identify strategies that would support an adolescent-driven plan to make decisions they see as beneficial
- Increase knowledge about drug and alcohol use among teens
- Use Motivational Interviewing to empower rather than enforce

SAN FRANCISCO COLLABORATIVE AGAINST HUMAN TRAFFICKING

IF YOU SEE SOMETHING, SAY SOMETHING.

CALL THE SAN FRANCISCO HUMAN TRAFFICKING HOTLINE 24/7 AT 415-907-9911

Exciting student & teacher opportunities with the Annual Teen Contest of SCAHT!

2023 ANTI-HUMAN TRAFFICKING TEEN POSTER, WRITING & MUSIC CONTEST

Prizes in each category:

1st prize: \$500

2nd prize: \$200

3rd prize: \$50

DEADLINE FOR SUBMISSIONS: WEDNESDAY, FEBRUARY 22, 2023, 5PM PT

CONTEST THEME

“LIFT US OUT OF THE SHADOWS.”

The San Francisco Collaborative Against Human Trafficking (SCAHT) is excited to offer to students and teachers this fantastic opportunity at the intersection of social justice and arts!

SCAHT's annual poster, writing and music contest provides to students a platform to learn about human trafficking and join the movement against this horrific crime. Those who enter have the chance to win up to \$500 and be acknowledged by SCAHT and Bay Area government officials at a special award ceremony during the Teen Power Against Human Trafficking Summit on Thursday, March 2, 2023, from 4:30 pm to 6:30 pm at the San Francisco Main Public Library, Koret Auditorium, 100 Larkin St, SF.

Please check out the contest rules, orientation video and information about previous contests posted on the SCAHT website at <https://www.sfcaht.org/teen-contests.html>. Please encourage interested students to view the orientation video before producing their artwork, writing or musical composition.

Please let us know at info@sfcaht.org or (415) 346-4600 if your school or class would be interested in hosting a 15 to 30-minute awareness session for the students to learn the warning signs of human trafficking and ways to help prevent it.

Help spread the word among students in your community and don't miss this exciting opportunity to learn about social justice while creating something amazing!

SFCAHT Teen Contest Team

Marin County Office of Education Marin Emergency Radio Authority (MERA) 2022– 2023 Drill Schedule

May 17, 2023 (3:30 - 5:00 pm)

** Zoom link will be provided for remote meetings.*

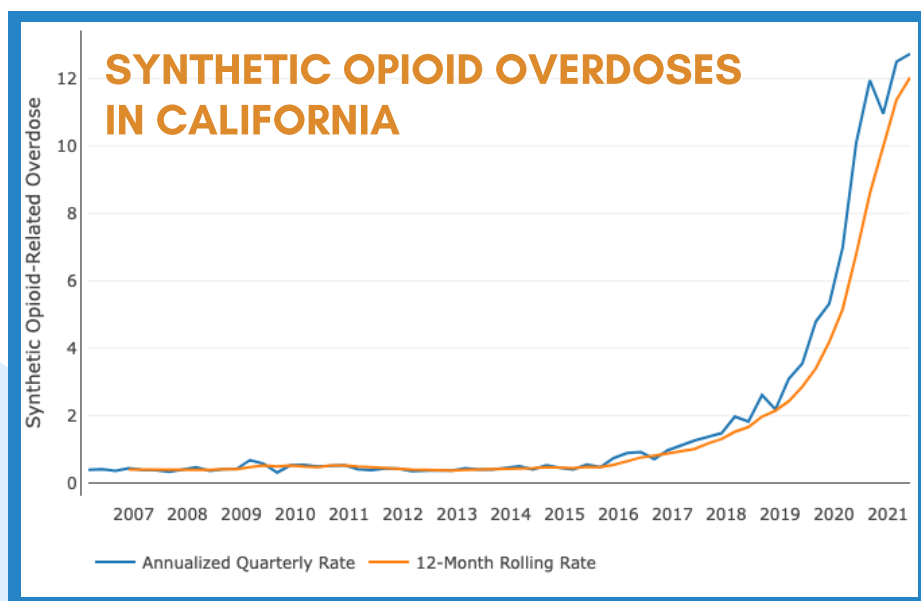

FENTANYL: A PUBLIC HEALTH EMERGENCY

WHAT IS FENTANYL?

Fentanyl is a synthetic opioid that is **80 to 100 times stronger** than morphine. While fentanyl is used to treat severe pain in clinical settings, it is also manufactured and distributed illegally.

WHY IS IT A PROBLEM?

Fentanyl is increasingly making its way into the street drug supply in Marin County. Because of its potency and low cost, fentanyl is often mixed with other illicit drugs, increasing the likelihood of a fatal interaction. In California, overdose deaths from synthetic opioids like fentanyl were **over five times higher** in 2021 than in 2018 alone.

[HTTPS://SKYLAB.CDPH.CA.GOV/ODDASH/](https://skylab.cdph.ca.gov/oddash/)

WHAT CAN WE DO?

Naloxone (brand name **Narcan**) is an **opioid overdose reversal medication** that is effective even against fentanyl poisoning. Having Narcan in your home or car can help you save the life of a friend, family member, or community member who is overdosing.

If you are a person who uses drugs, you can practice harm reduction tactics to decrease your chance of fatal overdose. However, the **only certain way** to avoid an overdose is to not use drugs. If you or someone you know wants to quit illicit opioids, **Medication Assisted Treatment (MAT)** is available in Marin County. You can find a complete list of resources [here](#).

HARM REDUCTION

IF I AM A PERSON WHO USES DRUGS, WHAT CAN I DO TO PREVENT FENTANYL OVERDOSE?

Testing for fentanyl in your drugs is a good first step, but testing alone will not ensure safety. Always assume risk of fentanyl poisoning when taking illicit substances.

YOU CAN REDUCE YOUR CHANCE OF OVERDOSE BY:

1. Using slow and using less
2. Snorting or smoking instead of injecting
3. Using in a group and staggering use
4. Always carrying naloxone (Narcan)

For more information on fentanyl harm reduction, go to <https://harmreduction.org/issues/fentanyl/>

MARIN COUNTY HARM REDUCTION RESOURCES

The Spahr Center- 150 Nelson Ave #100

Check @thespahrcenter_ on Instagram for weekly outreach locations.

Provides safe use supplies, HIV and Hep-C testing, fentanyl test strips, Narcan, and more.

For questions and information about Narcan trainings, go to:
www.RxSafeMarin.org/naloxone
#OnePillCanKill

FENTANYL MYTHS: BUSTED!

CAN I OVERDOSE OR "GET HIGH" THROUGH PHYSICAL CONTACT WITH FENTANYL?

No, you cannot overdose via skin contact. Fentanyl must be introduced to the bloodstream or mucus membrane for an individual to feel the effects.

DOES NALOXONE WORK ON FENTANYL OVERDOSES?

Fentanyl is not resistant to naloxone (Narcan), but fentanyl overdoses can occasionally require multiple doses of Narcan. If you are a regular user, consider keeping several doses of Narcan nearby.

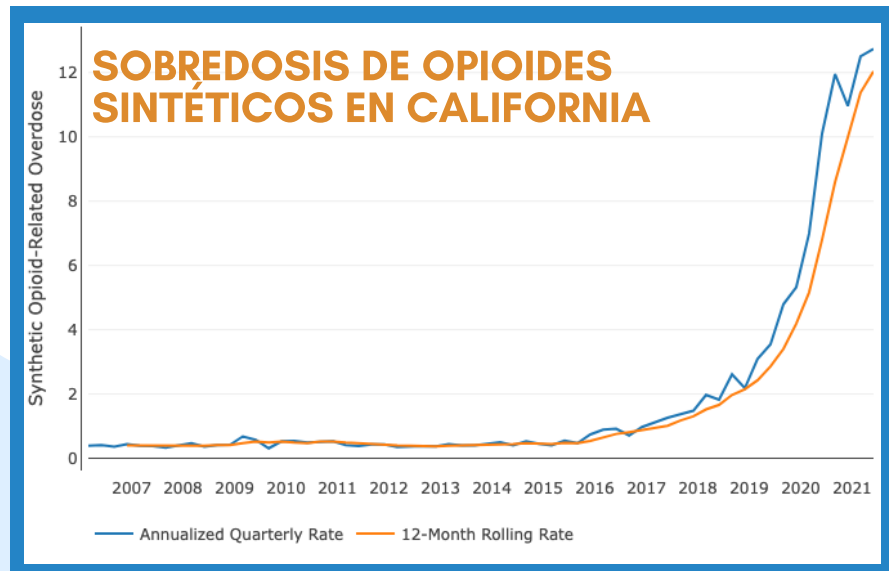

FENTANILO: UNA EMERGENCIA DE SALUD PÚBLICA

¿QUÉ ES EL FENTANILO?

El fentanilo es un opioide sintético que es **80 a 100 veces** más fuerte que la morfina. Aunque el fentanilo se utiliza para tratar el dolor intenso en entornos clínicos, también se fabrica y distribuye ilegalmente.

¿POR QUÉ ES UN PROBLEMA?

Fentanilo está haciendo cada vez más su camino hacia el suministro de drogas en la calle en el Condado de Marin. Debido a su potencia y bajo costo, el fentanilo a menudo se mezcla con otras drogas ilícitas, aumentando la probabilidad de una interacción fatal. En California, las muertes por sobredosis de opioides sintéticos como el fentanilo fueron más de cinco veces mayores en 2021 que en el 2018.

[HTTPS://SKYLAB.CDPH.CA.GOV/ODDASH/](https://skylab.cdph.ca.gov/oddash/)

¿QUÉ PODEMOS HACER?

La naloxona (nombre de marca Narcan) es un medicamento de reversión para sobredosis de opioides que es eficaz incluso contra la intoxicación por fentanilo. Tener Narcan en su casa o en su coche puede ayudarle a salvar la vida de un amigo, miembro de la familia o miembro de la comunidad que tiene una sobredosis.

Si usted es una persona que usa drogas, puede practicar tácticas de reducción de daños para disminuir su probabilidad de sobredosis fatal.

Sin embargo, la única forma segura de evitar una sobredosis es no usar drogas. Si usted o alguien que conoce quiere dejar los opioides ilícitos, el **Tratamiento Asistido por Medicamentos (MAT)** está disponible en el Condado de Marin. Puede encontrar una lista completa de recursos [aquí](#).

REDUCCIÓN DE DAÑOS

SI SOY UNA PERSONA QUE CONSUME DROGAS, ¿QUÉ PUEDO HACER PARA PREVENIR LA SOBREDOSIS DE FENTANILO?

Las pruebas de fentanilo en sus medicamentos son un buen primer paso, pero las pruebas por sí solas no garantizarán seguridad. Siempre asuma el riesgo de intoxicación por fentanilo al tomar sustancias ilícitas.

USTED PUEDE REDUCIR SU PROBABILIDAD DE SOBREDOSIS AL:

1. Usar de forma lenta y usar menos
2. Inhalar o fumar en lugar de inyectarse
3. Uso en grupo y uso asombroso
4. Siempre llevando naloxona (Narcan)

Para obtener más información sobre la reducción del daño del fentanilo, visite <https://harmreduction.org/issues/fentanyl/>

RECURSOS DE REDUCCIÓN DE DAÑOS DE MARIN

The Spahr Center- 150 Nelson Ave #100

Consulta -thespahrcenter en Instagram para conocer las ubicaciones de alcance semanal. Proporciona suministros de uso seguro, pruebas de VIH y Hepatitis C, pruebas de fentanilo

Para preguntas e información sobre las capacitaciones de Narcan, vaya a:
www.RxSafeMarin.org/naloxone

MITOS DE FENTANYL

¿PUEDO SUFRIR UNA SOBREDOSIS O "DROGARME" A TRAVÉS DEL CONTACTO FÍSICO CON FENTANILO?

No, no puede sufrir una sobredosis a través del contacto con la piel. El fentanilo debe introducirse en el torrente sanguíneo o en el moco membrana para que un individuo sienta los efectos.

¿LA NALOXONA FUNCIONA EN LAS SOBREDOSIS DE FENTANILO?

El fentanilo no es resistente a la naloxona (Narcan), pero las sobredosis de fentanilo ocasionalmente pueden requerir dosis múltiples de Narcan. Si usted es un usuario habitual, considere mantener varias dosis de Narcan cerca.

MARIN COUNTY OFFICE OF EDUCATION

MARIN COUNTY SCHOOL / LAW ENFORCEMENT PARTNERSHIP
(SLEP)

SPEAKER'S BUREAU

Diversity, Equity, Inclusion

In an effort to bring the voices of Men and Women of Color into our classrooms, we have gathered a group of prominent Marin County professionals who are ready to speak to High School and Middle School classes on a wide-variety of topics.

Industries Include:

Legal
Medical
Education
Law Enforcement
Non-Profit
Public Health
Probation

Possible Topics:

Social Justice
Racial Equity
Antisemitism
Overcoming Barriers
Personal Education Path
Personal Heroes
Women's Rights

.....

Ideal Classes for the Speaker's Bureau: Ethnic Studies, Social Studies, History, College and Career Readiness, Health

Speaker Request Form

Please fill out the form linked above if you would like to request a speaker or group of speakers.

Join the Speaker's Bureau Form

Please fill out the form linked above if you would like to join our Speaker's Bureau as a speaker.

MARIN SCHOOLS

GUN SAFETY RESOURCES & UPCOMING REQUIREMENTS

RESOURCES FOR SCHOOLS

Information about Gun Safety in Marin County can be found on the Marin Gun Safety Collaborative Website. Resources are available for School Administrators, Teachers, and Staff, as well as for Parents/Guardians and Families. <https://bit.ly/MarinGunSafety>

COMMUNICATING WITH FAMILIES

ADD AN ICON TO YOUR WEBSITE

The icon to the right can be added to your home page and/or any pages dedicated to Safety. This icon can link to the Marin Gun Safety Website which holds all the resources you would normally send via email. This icon can also be used with parent notification systems like PeachJar and Parent Square. [LEARN MORE](#)

IMPORTANT INFO TO COMMUNICATE TO FAMILIES

- Gun Storage Laws in California – No access under age 18
- Gun Violence Restraining Orders – What are they?
- How to ask other families about firearms in the house.
- What kids can do if they discover a firearm.
- More coming soon! Gun Buyback, Social Media Campaigns and more!

SB 906: SCHOOL SAFETY BILL – 2023–2024 SY

Starting July 1, 2023, all perceived threats MUST IMMEDIATELY be reported to local law enforcement so they can conduct threat assessment and investigate with urgency. In addition, information about gun storage laws MUST be communicated to families at least once a year. Additional information regarding upcoming requirements for schools is forthcoming.

Marin Schools Staff Emergency Training

1.5 Hour In-Person Training

**Hands-Only
CPR**

SAVE A LIFE

**Narcan
Administration**

Save a Life: Designate District Trainers

Emergencies can happen anywhere, even on school campuses. Keep staff up to date on lifesaving skills that will keep injured persons alive until First Responders arrive.

The **Train-the-Trainer Model** is a sustainable way for District and/or School Staff to receive instruction on how to teach these valuable skills to other District and School Employees.

Districts are encouraged to select staff who are able to flexibly set up training sessions for teachers and other staff.

DITEP Program

◀ 18

Background:

The Drug Impairment Training for Educational Professionals (DITEP) program was developed by the International Association of Chiefs of Police (IACP) and the National Highway Traffic Safety Association (NHTSA) as a result of the 2003 National Survey on Drug Use and Health (NSDUH). The survey was conducted by the Substance Abuse and Mental Health Services Administration (SAMHSA), and indicated that an estimated 19.5 million Americans (8.2% of the population aged 12 or older) had used an illicit drug during the previous month. Drug abuse, whether it involves controlled substances or the misuse of prescription drugs, has permeated almost every level of society to some degree.

This training is intended to provide school administrators and nurses with a systematic approach to recognizing and evaluating individuals in the academic environment who are abusing and/or impaired by drugs, both legal and illegal, in order to provide early recognition and intervention. DITEP is derived from the national Drug Evaluation and Classification (DEC) Program, a successful law enforcement program used to detect drug and alcohol impaired drivers. The methods employed in this training are based on medical and scientific facts. The information is supported by research conducted in both laboratory and field studies. The DEC Program was validated in the laboratory by studies conducted at the Johns Hopkins University, and in the field by the Southern California Research Institute.

The training will enable attendees to determine first whether or not the individual is impaired. If it is determined that there is impairment, they will be able to determine whether the impairment is due to a medical problem or is drug related. And finally, if the impairment is drug related, attendees will be able to determine, through proven diagnostic procedures, what category or categories of drugs are likely causing the observed impairment.

DITEP training enables schools to employ an aggressive evaluation and detection program that will reduce drug usage, disruptions by drug-impaired individuals, and impaired driving in and around schools. This will make our

communities and schools safer places for all. There are two options for DITEP training, either an 8 or a 16 hour course. Both are broken down below.

Course Description:

Day One (or 8 hour only course) covers the following:

- Drugs in Society
- Policy, Procedures and Roles
- Overview of Alcohol
- Drug Identification, Categories and Their Effects
- Contacting the Parents

Day one is geared toward administrators, teachers, nurses, counselors, school resource officers, security officers, and other staff who regularly interact with students.

Day Two (optional) covers the following:

- Eye Examinations Horizontal Gaze Nystagmus
- Lack of Convergence
- Estimation of Pupil Size
- Vital Signs
- Divided Attention Testing Romberg Balance
- Walk and Turn
- One Leg Stand
- Finger to Nose
- Poly Drug Use
- Assessment Procedures

Day two is geared toward nurses and other personnel who will have a more "hands-on" approach to evaluating a student's impairment. Principals and administrators are encouraged to attend to familiarize themselves with assessment procedures.

Pre-requisites:

In order to qualify for this course, prospective students must be currently employed at a school in a capacity that involves regular interaction with students.

Registration:

Upcoming classes may be found in the Schedule of Classes page under [DITEP](#). In order to register for this course, students are required to electronically submit their full name, e-mail address, and school name to the course coordinator.

Fees & Costs:

There is no registration fee to attend this course. If a facility use fee is charged by the hosting agency, it will be noted in the expanded course description. This course is funded through the California Office of Traffic Safety DRE Grant. Travel reimbursement is not available for this course.

Hosting:

If your school district is interested in hosting this course at your training facility, please contact the DITEP State Coordinator, Officer Travis Herbert, at (916) 843-4359.
