CHAIRPERSON
PERSONNEL COMMISSION

THE MERIT SYSTEM

The Personnel Commission is a separate agency authorized by the state to be responsible for certain personnel matters affecting classified school employees. Merit System law provides that classified employees are selected, retained and promoted on the basis of merit and fitness, exclusive of discrimination due to actual or perceived race, color, ethnicity, age, religion, political affiliation, marital status, disability, gender, sexual orientation or national origin. The Merit System means that an impartial body is responsible for implementing and interpreting Merit System rules and adjudicating appeals on those facets of employment within its purview.

The Marin County Board of Supervisors, on June 9, 1970, approved the transfer of certain duties and functions to the Superintendent. This transfer had been previously approved by the Superintendent at its regular meeting of June 1, 1970.

The Education Code provides that when such transfer occurs, it is mandatory that the Superintendent establish a Merit System for all classified employees if the county has a Merit System in effect at the time of adoption of the resolution of transfer by the Board of Supervisors. The Merit System did exist for county employees at the time of the transfer and it was, therefore, mandatory that it be established for the Marin County Office of Education Classified Employees.

In accordance with the California Education Code Section 45245:

- a) One member of the Commission is appointed by the Superintendent
- b) One member of the Commission, nominated by classified employees, is appointed by the Superintendent;
- c) One member of the Commission is appointed by the former two.

Appointments are made alternately for three year terms. Commission members must be registered voters of Marin County and are required to be known adherents to the principles of the Merit System.

Rules and Regulations

The rules found herein are a result of considerable research to satisfy all provisions of the Education Code and related administrative policy. Although the rules are flexibly tailored to the needs of the Marin County Office of Education, we readily recognize that as the rules are applied, there will be need for revision, amendment and addition.

CHAPTER 3

POSITION CLASSIFICATION PLAN

3.100 THE CLASSIFIED SERVICE

3.100.1 Positions Included (Education Code Section 45256 et seq.)

- A. All positions established by the Superintendent which are not exempt from the classified service are included. All employees serving in classified positions shall be classified employees. The employees and positions shall be known as the classified service.
- B. No person whose contribution consists solely in the rendition of individual personal services and whose employment does not come within the scope of the exemptions established in the law shall be employed outside the classified service.

3.100.2 Exemption from the Classified Service (Education Code Section 45256)

- A. Exempt from the classified service shall be:
 - 1. Positions which require certification qualifications
 - 2. Part-time playground positions where the employee is not otherwise employed in a classified position.
 - 3. Full or part-time day students, employed part-time
 - 4. Apprentice positions
 - 5. Positions established for the employment of professional experts on a temporary basis for a specific project by the Superintendent or by the commission when so designated by the commission.

A part-time position is one for which the assigned time, when computed on an hourly, daily, weekly, or monthly basis, is less than 87-1/2 per cent of the normally assigned time of the majority of employees in the classified service.

B. Special Categories (Education Code Section 45112)

The Superintendent may create positions of staff assistants or field representatives to directly assist the board or individual board members. Such positions, if created, are exempted from the provisions of these rules, insofar as they relate to position classification, recruitment, employment and salary setting.

Persons employed in such positions shall be members of the classified service for all purposes except that they may not achieve permanency in the classified service as a result of this service. Staff Assistants shall serve at the pleasure of the Superintendent. A field representative shall serve at the pleasure of the individual board member. If a permanent classified employee is appointed to serve in such an exempt position, she/he shall retain status as a permanent employee. If she/he is terminated from the exempt position, she/he shall have bumping rights in the former class (position title) in the same manner as if she/he had been laid off for lack of work or lack of funds.

C. Volunteer Aides (Education Code Section 35021)

Volunteer aide positions in Special Education programs are exempt from the Classified Service. A classified paid position cannot be abolished in order to replace said positions with a volunteer or utilized in lieu of a classified position. It is the intent of the legislature to permit schools to use volunteer aides to enhance the educational program but not to permit displacement of classified employees or to utilize volunteers in lieu of normal employee requirements.

D. Classified Restricted (Education Code Section 45111, 45112, 45113)

1. Persons employed under specially funded programs and programs which are restricted to the employment of persons in low income groups, or from designated impoverished areas or other criteria which restricts the privilege of said citizens to compete for employment shall be considered "classified restricted" employees. They shall have all rights and burdens of classified employees except that they shall not be accorded permanency and they shall not acquire seniority credit for the purposes of layoff for lack of work, lack of funds or abolishment of position until they have complied with the provisions of Sub-rule D-3.
2. If the Superintendent establishes positions and restricts initial appointment of new employees to persons having mental disabilities, then such positions shall, in addition to the regular class title, be classified as "restricted." The positions shall be part of the classified service and persons so employed shall be classified employees for all purposes except that they shall not acquire permanent status or seniority credit and shall not be eligible for promotion into the regular classified service until they have complied with the provisions of Sub-rule D-3).
3. Notwithstanding Sub-rule D-1 and D-2, employees serving in "restricted" positions may, after completion of six months of satisfactory service, take the next competitive examination that is given for the class in which they are serving. If an employee successfully completes the examination and attains placement on the eligibility list, as a result thereof, and regardless of her/his numerical standing on the eligibility list, she/he shall be considered a part of the regular classified service, even if she/he continues to serve in a restricted position, and be accorded full rights, burdens and benefits of a regular classified employee. Seniority rights shall be counted as of the date of her/his initial appointment to the restricted position.

3.100.3 "Part-Time" Defined (Education Code Section 45256)

A part-time position is one for which the assigned time, when computed on an hourly, daily, weekly, or monthly basis is less than 87-1/2 per cent of the normally assigned time of the majority of employees in the classified service. The Personnel Commission has selected 8 hours per day as the unit of time upon which a determination is made.

3.100.4 Effect of Exemption

Any position or employee lawfully exempted from the classified service shall be excluded from the benefits and burdens imposed by these rules, except as provided by law or the Superintendent.

3.200 GENERAL CLASSIFICATION RULES

3.200.1 Assignment of Duties (Education Code Section 45109)

The Superintendent shall prescribe and fix the duties and responsibilities of all positions in the classified service except those on the Personnel Commission staff. When the duties being performed by an employee are found to be inconsistent with the duties officially assigned to her/his position, the Director of Personnel shall report the facts to the responsible administrator in order that appropriate action is taken.

3.200.2 General Nature of the Classification Plan

The Personnel Commission shall establish and maintain a classification plan which shall include classifications adopted by the Commission for all positions in the classified service. The list of classes (position titles) shall contain the designation of the ranking level applicable to each class (position title). (See Position Description and Job Factor Analysis Plan)

3.200.3 Class (Position Title) Specifications

For each class of positions (position titles), as initially established or subsequently approved by the Commission, there shall be established and maintained a class (position title) specification which shall include:

- A. The official class title (position title);
- B. A definition of the class (position title), indicating the type of duties and responsibilities and placement within the organizational scheme;
- C. A statement of typical tasks to be performed by persons holding positions allocated to the class (position title);
- D. A statement of the minimum and/or desirable qualifications for service in the class (position title). The minimum qualifications may include education, experience, knowledge, skills, abilities, and personal and physical traits and characteristics;
- E. A statement of distinguishing characteristics, where applicable, which differentiates the class (position title) and other related or similar classes (generic family); and
- F. License or other special requirements for employment or service in the class (position title).
- G. Any additional qualifications considered so desirable that any person considered for employment who possesses them may be given additional credit in the evaluation of her/his qualifications, even though such additional qualifications are not a prerequisite to consideration for employment. (See Position Description and Job Factor Analysis Plan)

3.200.4

Interpretation of Class (Position Title) Specifications

The class (position title) specifications and their various parts are declared to have the following force and effect:

- A. The definition and typical tasks are descriptive and explanatory only and not restrictive. They indicate the kinds of positions that should be allocated to the respective classes (position titles) as determined by their duties, responsibilities, and qualification requirements, and do not prescribe what these details shall be in respect to any position.
- B. In determining the class (position title) to which any position shall be allocated, the specification for each class (position title) is considered as a whole. Consideration is given, not to isolated clauses, phrases, or words, apart from their context and from illustrative information in other parts of the specifications, but to the general duties, responsibilities, specific tasks, and qualification requirements as affording a picture of the positions that the class (position title) includes.
- C. Each class (position title) specification is construed in its proper relationship to other specifications, and, when appropriate, those classes (position titles) in the same series and group of classes (generic family), in such manner as to maintain a proper gradation in the series in which the class (position title) is located and proper differentiation within the group of classes (Generic family).
- D. Qualifications commonly required of the incumbents of all or many offices or positions, such as physical ability to perform the essential duties of the position with or without reasonable accommodation, as well as honesty, sobriety, and industry, even though not specifically mentioned in the specifications, are implied in the qualification requirements.
- E. The statement of qualification requirements, when considered with other parts of the specification, is to be used as a guide in the announcement and preparation of tests and in the evaluation of the qualification of candidates seeking appointment to positions allocated to the class (position title) but does not require a particular form or content of test or testing procedure.

F. The class title (position title) shall always be used with the meaning set forth in the remainder of the specification.

3.200.5 Changes in Duties of Positions

Any substantial changes in the duties of existing positions shall be promptly reported in writing by the Department Head through the Superintendent or her/his designee to the Director of Personnel, who shall cause the positions to be reviewed toward determining whether they should be reclassified.

3.200.6 Working out of Classification (Education Code Section 45110)

Classified employees shall not be required to perform duties which are not fixed and prescribed by the Superintendent, unless the duties reasonably relate to those fixed for the position by the Superintendent, for any period of time which exceeds five working days within 15 calendar-day period without a reasonable upward adjustment in salary for the entire period she/he is required to work out of her/his classification. When it is necessary to assign an employee out of her/his classification, the Director of Personnel shall report the fact with her/his recommendation to the Personnel Commission who shall make final determination of the reasonable salary adjustment for the duration of the temporary assignment.

3.200.7 Review of Positions

The Director of Personnel shall review the duties and responsibilities of positions as necessary to determine their proper classification. If the Director of Personnel finds that a position or positions should be reclassified, she/he shall advise the administration of her/his findings. If the administration verifies the duties of the position or if the duties are not revised to fit within the current classification, the Director shall report her/his findings and recommendations to the Commission. She/he shall also report findings in cases where review indicates that no change in classification is necessary. (Rule 3.200.9)

3.200.8 Creation of New Positions

Whenever it is proposed that a new classified position be established, the following procedures will be followed:

- A. The immediate supervisor, with the approval of the Department and the designated Superintendent's staff member, will complete a request for position classification. This request will be forwarded to the Director of Personnel.
- B. The Director of Personnel, upon receipt of the request for position classification, may request that the "Classified Salaried Position Questionnaire" be completed by the Department.
- C. The Director of Personnel, upon receipt of the request for position classification, and, if required, the "Classified Salaried Position Questionnaire", will prepare the "Position Description" for the proposed position.
- D. The Superintendent and Cabinet will review the proposed position description for approval.
- E. Once the Superintendent has approved the job description, the approved description will be forwarded to the Personnel Commission so that the Commission may formally rank and place (i.e., classify) the position on the appropriate classified salary schedule based on provided and/or requested back-up data.

3.200.9 Changes in Classification of Existing Position

- A. Whenever it is determined that a significant change has occurred in the duties and responsibilities of an existing position, the following procedures will be followed:

1. The immediate supervisor, with the approval of the Department and the designated Superintendent's staff member, will complete a request for position review. This request will be forwarded to the Director of Personnel (also see item "E" of this sub-section).
 2. The Director of Personnel, upon receipt of the request for position review, may request that the "Classified Salaried Position Questionnaire" be completed by the incumbent with the stated approvals.
 3. The Director of Personnel, upon receipt of the request for position review and, if required, the "Classified Salaried Position Questionnaire" will prepare the Position Description for the proposed position.
 4. The Superintendent and Cabinet will review the proposed description, and, upon approval, place the proposed job description on the Superintendent's agenda for approval and adoption.
 5. Once the Superintendent has approved the job description, the approved description will be forwarded to the Personnel Commission so that the Commission may formally rank and place (i.e., classify) the position on the appropriate classified salary schedule based on provided and/or requested back-up data.
- B. The Personnel Commission, in making its determination as required in A.5, this section shall be governed by the Provisions of Education Code Section 45285. Only those employees who meet the specified years in service requirement will be considered for reclassification action without examination.
- C. When the Personnel Commission finds that there are significant factors which have existed over a reasonable period of time which justify a change in the classification of a position, but which do not warrant reclassification of that position, the determination may be made to abolish the original position and establish a new position in a more appropriate class.
- D. When the Personnel Commission determines that a change in the classification of a position is not justified, it shall direct that the original classification remain unchanged.
- E. Notwithstanding the procedures to be followed as established in A above, the Personnel Commission, upon written request of the Superintendent, the Director of Personnel, or any classified employee, will review the classification of an existing position, when in the opinion of the Commission, significant changes in the duties and responsibilities of the position so warrant.
- F. The Personnel Commission, in making its determination to change the classification of an existing position, either by reclassification or by the establishment of a new position in a different class (position title), shall consider the existing relationship of all classes (position titles).

3.200.10

Status of Incumbent of Position after Change in Classification

When a position is reclassified from one class (position title) to another class (position title), any incumbent who meets the required years in service, as specified in the Education Code, in such a class (position title), shall continue without examination in the position in the new class (position title) with the same status which she/he held in the former class (position title). An employee who has been reclassified with her/his position shall not be eligible for subsequent reclassification with her/his position for the period of time as specified in the Education Code. (Education Code Section 45285)

- A. In the event the incumbent is promoted, she/he shall assume the status which she/he would assume upon promotion as otherwise provided by these rules. (6.200.4)

- B. In the event of demotion, or in the event the incumbent does not qualify for reassignment, the junior employee in the former class (position title) shall be demoted, or treated in the manner provided by these rules for separation through layoff, whichever is applicable.

3.200.11 Allocation of Positions to Classes (Position Titles)

All positions substantially similar as to the duties performed and the responsibilities exercised by the incumbents of such positions and as to their qualification requirements shall be allocated to the same class (position title).

3.300 ALLOCATION OF CLASSES (POSITION TITLES) TO SALARY SCHEDULES

3.300.1 Factors in Allocation of Classes (Position Titles) for Salary Determination

The Director of Personnel shall prepare recommendations for the allocation of classes (position titles) to salary schedules for approval by the Commission. These recommendations shall take into account, when appropriate, the following factors:

A. External Factors

1. Wages and salaries paid for similar work in private industry in the recruitment area.
2. Wages and salaries paid by other governmental agencies which may be in competition in the labor market within the local geographical area.

B. Internal Factors

1. The principle of like pay for like work within the classified service.
2. Appropriate differentials between related classes (position titles) to reflect differences in duties and responsibilities, as established in the classification plan (see Position Description and Job Factor Analysis Plan).

C. Salary Schedule for the Classified Service (Education Code Section 45268)

1. The Commission shall recommend to the Superintendent salary schedules for the classified service. The Superintendent may approve, amend, or reject these recommendations. No amendment shall be adopted until the Commission is first given a reasonable opportunity to make a written statement of the effect the amendments will have upon the principle of like pay for like service. No changes shall operate to disturb the relationship which compensation schedules bear to one another, as the relationship has been established in the classification made by the Commission.

D. Employee Relations

The Meet and Negotiate and the Meet and Confer processes for the recommendation and/or granting of general increases or decreases in salaries are not a function of the Personnel Commission but are reserved under California Government Code 3540, et seq., for the Superintendent.

3.300.2 Studies for Allocation of Classes (Position Titles)

- A. A review or study for proper allocation of classes (position titles) to the salary schedule shall be made:
 1. Whenever a new class (position title) is created.
 2. When directed by the Commission or the Superintendent.

- B. Data obtained in a study for the proper allocation of classes (position titles) to the salary schedule shall be made available to interested parties, including employee organization representatives. The Director of Personnel, based on information obtained from survey data, shall make her/his tentative recommendations to employee organization representatives and the administration.

An effort shall be made to resolve all differences before recommendations are submitted to the Commission.

3.300.3 Allocation of Classes (Position Titles) Recommendations (Education Code Section 45268)

- A. After making its findings, the Commission shall present recommendations to the Superintendent for approval. The Superintendent may approve, amend, or reject the recommendation, but may not alter the relationships among classes (position titles) as established by the classification plan.
- B. A salary allocation recommendation shall be made each time a new class (position title) is created. Salary allocation recommendations shall be based on clear evidence that the class (position title) in question is substantially overpaid or underpaid in relation to rates in the local and/or Bay Area or alignment with other classes (position titles). Nothing in this paragraph shall prevent adjustments in salary based on classification studies resulting from changes in duties and responsibilities, regardless of when such changes occur.
- C. The Superintendent reserves the right to revise the salaries of classified employees at any time during the school year, pursuant to Education Code Section 45162 and 45163.

3.300.4 Appeals of Recommendations

- A. An employee may appeal the recommendation of the Director of Personnel in regard to the salary allocation of her/his class (position title). The employee shall have the opportunity to present her/his case in writing and orally at a regular meeting of the Commission. The Administration shall have the same privilege.
- B. If the Superintendent wants reconsideration of salary allocation recommendations, they may return recommendations with reasons therefor to the Commission, which shall reconsider them at its next meeting. After reconsideration, the Commission will advise the Superintendent of its findings and the reasons therefor.

4.100.1 Filing of Application

4.100.2 General Qualifications of Applicants

Every applicant must be in all respects mentally and physically competent to perform the duties of the position for which she/he applies. No classified service resident requirement or preferential treatment for residents can be applied since the opportunity to compete for and obtain a position in the classified service is based solely on merit and fitness (Education Code Section 45111)

4.100.3 Equal Opportunity Employment

4.100.5 Rejection and Appeal from Rejection

- A. Applicants, candidates, and eligibles who are rejected for any of the reasons enumerated in Rule 4.100.4 shall be notified in writing by the Director of Personnel. The notification shall state:

5.200.3 Procedure When Fewer Than Three Names Remain

- A. When fewer than three eligibles are available on the promotional list, sufficient names shall be certified from the open list to allow a choice among three eligibles.

- A. When the withholding or removal was because of the waiver or inability of the eligible to accept employment, or failure to respond to inquiry as to availability, or to appear for interview, or to report for duty, and the applicant presents a good and valid reason and certifies to the Director of Personnel that she/he is now willing and able to accept appointment.

In the latter cases, the employee will have the same appeal rights as a permanent employee who is demoted or dismissed.
- F. Transfers shall have the following effects on seniority:
 1. Within the same class - none.

6.500.2 Procedure to be Followed

- A. Performance evaluation reports shall be made on forms prescribed by the Director of Personnel and shall be prepared by the employee's immediate supervisor whenever possible. - B. Vacation schedules shall be arranged by department managers with particular regard to the needs of the service and, whenever possible, with regard to the wishes of the employees. Every effort shall be made to arrange vacation schedules so that each employee will take as much vacation in each year as accrued to her/him that year. Each employee's vacation time may be so divided as the needs of the service require or permit. No employee may take vacation leave without advance approval of the Superintendent or her/his designee. No employee may take vacation leave in advance of that actually accumulated at the time such leave is taken without the written recommendation of the department manager concerned and approval of the Superintendent.
- C. In the event of a deceased employee, payment shall be made to the estate or as otherwise provided by probate law.

 1. If the illness or bereavement is for three (3) consecutive days or more.

 4. If the request is filed with the Superintendent within two weeks of the illness or bereavement or within, at the latest, one week of her/his return to duty unless extraordinary extenuating circumstances exist which prevent such filing.

5. If the filed request fully outlines the reasons for the request and is fully substantiated to include medical reports in the case of illness.
6. When all or part of an employee's vacation is to be converted to illness or bereavement leave, the appropriate vacation credit shall be restored to the employee's earned vacation balance. If possible, the employee shall be granted opportunity to use this vacation credit in order not to exceed the limit on accrued vacation. In other cases, Paragraph D above may be applied in order to avoid loss of vacation credit.

6.600.2 Paid Sick Leave (Education Code Section 45191 and 45196)

- A. Sick leave is the authorized absence of an employee due to disabilities caused by illness, injury, exposure to contagious disease, pregnancy, childbirth and recovery therefrom.
- B. At the beginning of each fiscal year, a sick leave account of the employee shall be increased by the number of days of paid sick leave which is normally earned in the ensuing fiscal year. An employee's sick leave account shall be adjusted if a change of assignment alters the amount of sick leave earnable.

- D. An employee who is absent due to a disability and receives full pay because of accrued sick leave shall be entitled to all employment benefits.
- E. When a permanent employee is absent due to a non-industrial disability and has used all entitlement to sick leave, vacation compensation, compensatory time or other available paid leave, the employee shall be paid through the fifth month of illness the difference between the current salary and that of a substitute employed on the first step of the position classification or in a lower classification (Education Code Section 45196).
- F. A permanent employee whose disability extends beyond the five month period may, on written advice from a licensed medical advisor, be granted by the Superintendent leave of absence without pay, not to exceed one year, in accordance with these rules. Upon return to work, the anniversary date will be changed, making adjustments for time not worked and not covered by sick leave. (Education Code Section 45196)
- G. Emergency and limited-term employees will not earn sick leave credit unless they are subsequently appointed into permanent positions without a break in service
- H. Employees shall record their sick leave on a time sheet. Reasonable medical evidence of illness may be required for a period less than three days, and shall be required for each such use for a period greater than three consecutive days as determined by the Superintendent.
- I. Unlimited accumulations shall be allowed in all sick leave benefits. However, the cumulative aspect of sick leave from year-to-year is based on accrual at the rate of one day's sick leave per whole calendar month of employment or prorated for a major fraction thereof.
- J. If an employee leaves the employment of this office, accumulated unused sick leave will not be credited to the employee's final payment.
- K. If, at the conclusion of all sick leave and additional leave, paid or unpaid, granted under these rules, the employee is still unable to assume the duties of her/his position, she/he will be placed on a reemployment list for a period of 39 months in the same manner as if she/he were laid off for lack of work or lack of funds.

 - 1. The employee has probationary or permanent status.
 - 2. In the opinion of the Superintendent or her/his designee, the illness or injury constitutes an industrial accident or illness, or, if contested, it is ultimately determined to be work connected.
- C. Paid industrial accident leave shall be for not more than 60 working days in any one fiscal year.
- D. Paid industrial accident leave shall be reduced by one day for each day of authorized absence regardless of the temporary disability allowance made under Workers Compensation. Days absent while on paid industrial accident leave shall not be deducted from the number of days of paid illness leave to which an employee may be entitled.
- E. If the employee is still unable to return to duty after exhausting paid industrial accident leave, the employee shall be placed on paid illness leave if she/he is eligible therefor. Accumulated illness leave will be reduced only in the amount necessary to provide a full day's wages or salary, as indicated in the employee's assignment, when added to compensation without penalties from the Workers Compensation Insurance carrier.
- F. After all paid illness leave has been exhausted following a paid industrial accident leave, an employee may choose to receive pay from accrued vacation, earned compensatory time, or other earned leave to the extent necessary to make up the employee's regular salary when receiving a temporary disability allowance without penalties from the Workers Compensation Insurance carrier.
- G. Upon return to service from any paid or unpaid leave resulting from an industrial accident or industrial illness, an employee shall be assigned to a position in her/his former class (position title) ahead of any employee with a lesser amount of seniority. If no vacancy exists in the former class (position title), she/he may displace the most recently appointed employee in the class (position title) with less seniority. If an employee's former class (position title) has ceased to exist, the employee may be reassigned or placed on a suitable reemployment list.

- J. An employee who fails to accept an appropriate assignment after being medically approved shall be removed from the reemployment list. Appropriate assignment is defined as an assignment to the employee's former class (position title), in her/his former status and time basis, and in assignment areas in which the employee has made herself/himself available. Employees removed from a reemployment list under this rule may appeal the removal to the Personnel Commission.
- K. While an employee is on any paid leave resulting from an industrial accident or industrial illness, the employee's salary paid by the office shall not, when added to a normal temporary

disability allowance award without penalties granted the employee under State Workers Compensation Insurance laws, exceed the employee's regular salary. A permanent employee's salary is computed on the basis of the number of hours and days in her/his regular salary computed on the basis of the average number of hours worked each month in which the employee was in paid status during the preceding year.

- L. During all paid leaves resulting from an industrial accident or industrial illness, the employee shall report to the Superintendent of the Marin County Office of Education all wage-loss benefit checks received under State Workers Compensation Insurance laws. Classified employees shall be subject to layoff for lack of work or lack of funds.

The employee who has been employed the shortest time in the classification, plus higher classification, shall have the least seniority, and therefore shall be laid off first. (Education Code Section 45308)

6.700.2 Rights of Employees Laid Off for Lack of Work or Funds

Classified employees subject to layoff for lack of funds at the end of a school year shall be given written notice no later than March 15, informing them of their layoff effective at the end of the school year and of their displacement rights, if any, and reemployment rights. Notwithstanding the other requirements of this code respecting layoff of permanent classified employees, when classified positions must be eliminated as a result of the expiration of a specially funded program, the employees to be laid off shall be given written notice not less than 60 days prior to the effective date of their layoff informing them of their layoff date and their displacement rights, if any, and reemployment rights. Displacement Rights are as determined as follows:

A permanent employee in the classified service who is laid off from a classification (position title) shall have the right to displace an employee with less seniority:

- c) in a lower classification not within the currently held job series if the current position description includes the duties and responsibilities of the lower classification.
- d) or; if the employee is found to be specifically qualified by Personnel Commission determination and the employee qualifies under existing testing procedure for this position.

In no case will the mechanics of a layoff procedure increase an employee's employment status, i.e., classification, work hours, etc.

Seniority is the total amount of continuous active service in a probationary or permanent status within a classification or a higher classification, or, by the agreement of the exclusive representative of the classified employees that defines "length of service" to mean the hire date for unit members. If there is such an agreement with the exclusive representative of classified employees, then the County Superintendent of Schools may define "length of service" to mean hire date for any classification of employee not represented by any exclusive bargaining agreement. (Education Code Section 45308)

Hours compensated solely on an overtime basis as provided for in Education Code Section 45128 are excluded from seniority determination.

A permanent employee who may be laid off for lack of work or funds, despite the exercising of displacement rights, in order to avoid layoff may also request in writing a voluntary demotion to a vacant position in a lower classification or a transfer to an equal classification provided she/he is found qualified by the Director of Personnel to perform the duties thereof and provided further that the appointing authority approves the demotion and/or assignment.

6.700.3 Layoffs of Emergency, Provisional and Limited-Term Employees

No permanent or probationary employee shall be laid off from any position while employees are serving under emergency, provisional or limited-term appointments in the same classification or lower classification unless the regular employee declines such an appointment.

- A. Each person who has been laid off or displaced from a position in which she/he had permanent or probationary status shall, in writing, be offered restoration to a position in the class from which she/he is laid off, should such position be reestablished or should the necessity for layoff or displacement cease to exist, or should another position in the same class (position title) become vacant within 39 months after the date she/he is laid off or displaced. Should the employee not accept restoration within one week after the date of the offer, or should she/he decline to begin work within three weeks after the date of the offer, she/he shall be declared unavailable and shall forfeit any right to restoration unless further offer of restoration is granted by the Personnel Commission.
- B. Whenever more than one person has been laid off and/or displaced in the same class (position title), the order of restoration shall be in the reverse of the order of layoff.
- C. Whenever a person is unavailable for restoration, the next senior person who is eligible for restoration shall be offered restoration in the same manner and under the same conditions. Should there be no person eligible and available for restoration, the position may be filled as otherwise provided by these rules for appointment to a vacant position.

A person who is unavailable for restoration may, within two weeks after she/he is declared unavailable, request in writing to the Personnel Commission that she/he be considered for further offer of restoration, should such occur within 39 months after layoff or displacement. 6.800 RESIGNATIONS AND REINSTATEMENTS (Education Code Section 45309)

6.800.1 Submission in Writing

Classified employees who resign from their position shall present their resignation in writing, including the effective date, to the Superintendent. A copy of the resignation shall be filed with the Director of Personnel.

6.800.2 Rights on Lists

A resignation relates only to the specific position from which the employee resigns and does not remove her/his name from eligibility lists, except promotional eligibility lists.

6.800.3 Absent Without Leave

Employees who fail to report for duty for three consecutive working days without permission from their supervisor or the Superintendent, shall be deemed to be absent without leave. Unless for good cause, such absence shall be deemed an automatic resignation.

6.800.4 Rights After Resignation

Upon recommendation of the Superintendent, any permanent classified employee who resigned in good standing may be reinstated in her/his former classification without further competitive examination within 39 months after the last day of paid service, if a position is available. The break in service shall be disregarded, and she/he shall assume the previous status and have restored all rights, benefits, and burdens of a permanent employee. The employee may also be reemployed in a lower related classification if she/he is qualified, or on a limited-term basis in the same or lower classification (Rule 6.200.3).

6.800.5 Resigned Probationer

An employee in good standing who resigns during a probationary period may be returned to her/his original place on the eligibility list at the discretion of the Commission. A person who resigns because of inability to cope successfully with the reasonable requirements of a position has no standing under this rule.

6.800.6 After Service in Another Class (position title) or in the Certificated Service (Education Code Section 40062)

If a classified employee accepts a position requiring certification qualifications or in the classified service in a provisional or limited term appointment in another classification with the Marin County Office of Education, such employee shall retain all sick leave, vacation, and other rights and benefits accumulated by her/him at the time of the assignment to the position requiring certification qualifications or the provisional or limited term classified position, whatever the case may be. All seniority and permanency rights shall be secured to such an employee for a period of 39 months from the date of her/his acceptance of the certificated position. Such an employee shall be eligible to return to and assume the duties of her/his prior classified position at any time during the 39 months and her/his return shall be treated as if there had not been an interruption in her/his classified service.

6.800.7 Reinstatement Request File

The Director of Personnel shall maintain a file containing the names of former employees who have requested reinstatement.

6.900 DISCIPLINARY ACTION AND APPEAL (Education Code Section 45302, 45303, 45304, 45305)

6.900.1 Causes for Suspension, Demotion, Dismissal

Persons employed in the classified service may be suspended, demoted or dismissed for any of the following causes:

- A. Incompetency, inefficiency, insubordination, inattention to or dereliction of duty, discourteous treatment of the public, students or of fellow employees; or any other willful failure of good conduct tending to injure the public service; or any willful and persistent violation of the provisions of the Education Code or of rules, regulations, or procedures adopted by the Superintendent or Board or the Personnel Commission pursuant to it, provided that specific instances must be set forth as to any of the causes enumerated under this heading.
- B. Dishonesty or immoral conduct.
- C. Improper political activities engaged in by an employee during his assigned hours of employment.
- D. Failure to disclose material facts regarding criminal records, and other false or misleading information on application forms or examination and employment records concerning material matters. (Education Code sections 44009, 44010, 44011, 45122.1 and 45123).
- E. Abuse of leave of absence and/or illness privileges or absence without leave.
- F. Failure to report for review of criminal records or for health examination after due notice.
- G. Drinking or being under the influence of alcoholic beverages while on duty.
- H. Possessing or being under the influence of a controlled substance as defined in Education Code 44011 while on duty.
- I. Conviction of a felony, conviction of any sex offense made relevant by provisions of law, or conviction of a misdemeanor which is of such a nature as to adversely affect the employee's ability to perform the duties and responsibilities of his/her position. A plea or verdict of guilty, or a conviction following a plea of nolo contendere, is deemed to be a conviction for this purpose.
- J. Theft or misuse of MCOE office equipment or property.
- K. Failure to possess or keep in effect any license, certificate, or other similar requirement specified in the employee's class specification or otherwise necessary for the employee to perform the duties of the position.
- L. Procedure for Disciplinary Action

- A. No employee in the permanent classified service shall be reprimanded or disciplined in the form of suspension, demotion, dismissal, or in any way discriminated against because of her/his actual or perceived race, color, ethnicity, age, religion, political affiliation, marital status, disability, gender, sexual orientation or national origin.
- B. Prior to any disciplinary action (e.g. suspension, demotion, dismissal) taken against a permanent employee (unless removal of the employee is mandated by the California State Education Code), the Superintendent's designee shall provide the employee with the following preremoval safeguards:
- 1) She/he must receive a written notice delivered in the form of a "Notice of Intent to Discipline" at least five days prior to the effective date of any punitive action.
 - 2) She/he must receive a written notice (statement of charges) of the reasons for the proposed action in the manner specified in 6.900.2(C).
 - 3) She/he must receive a copy of all materials upon which the action is based.
 - 4) She/he must be given the opportunity to respond, either orally or in writing, to the authority initially recommending discipline; in this instance, the Superintendent's designee.
 5. After considering any response made by or on behalf of the employee, the Superintendent's designee shall determine whether to adopt, modify or reject the proposed statement of charges.
- C. If the Superintendent's designee, after having given the employee the right to respond, determines that cause exists for disciplining the employee, either by suspension, demotion, or dismissal, she/he shall present to the Superintendent specific written charges. The charges must be so clear that the employee will know the exact complaint and be able to respond to them. After complying with the preremoval safeguards set forth above and where suspension or dismissal is the recommended sanction, the Superintendent may suspend the employee without pay for up to 30 days, but not longer than the period of the proposed suspension if it is less than 30 days. The 30 day limit shall not apply under those circumstances specified in 6.900.2F. If the employee invokes the right to a hearing before the Board, as specified in 6.900.2D, the Board shall determine whether any suspension imposed under this provision shall be affirmed, modified, or rejected. If the suspension is modified or rejected, the Board shall determine the appropriate remedy for the employee, as set forth in 6.900.2D.
- D. The Superintendent's designee shall provide the employee with a written notice of the intended action and a copy of the charges presented to the Superintendent. The notice shall include a statement of the employee's right to appear before the Board with counsel for a hearing of her/his case, upon her/his request within five working days of receipt of this notice. Such notice shall be transmitted by registered or certified mail to the last known address of the employee within ten days of the effective date of the disciplinary action. Following the hearing, the Board shall take action to affirm, modify, or reject the disciplinary action invoked by the Superintendent. In the event the Board takes action to modify or reject the Superintendent's disciplinary action, the Board shall also determine the appropriate remedy, including but not limited to restoration of salary, seniority, and benefits.
- E. When formal disciplinary action has been taken by the Board, the action and the charges shall be reported to the Director of Personnel, who shall immediately notify the employee of her/his right to appeal the Board's action to the Personnel Commission together with a copy of Rule 6.900.3. The Director of Personnel shall also immediately report the action to the Personnel Commission.
- F. A permanent employee charged with the commission of any sex offenses as defined in Education Code Section 44010 or any narcotics offense as defined in Education Code Section 44011 by complaint, information, or indictment filed in a court of competent jurisdiction may be suspended as provided for in Education Code Section 45304. Such a suspension will be processed as an involuntary personal leave in accordance with the provisions of this rule relative

to suspensions. The employee may receive compensation as provided for in the Code Section. Such suspension shall be reviewed by the Personnel Commission every 90 calendar days.

- G. Dismissal shall cause removal of the employee's name from all employment lists.
- H. Failure to appeal, as provided in 6.900.3, shall make the action of the Board of Education final and conclusive.
- I. Suspension without pay shall not exceed the time limitations prescribed in Education Code Section 45304.

6.900.3

Appeal

- A. A permanent employee who has been suspended, demoted, or dismissed may appeal to the Personnel Commission within 14 days after having been furnished with a copy of the written charges by filing a written appeal to such charges. Appeal can be made only on the following grounds:
 - 1. That the procedures set forth in these rules have not been followed.
 - 2. That the action was taken because of actual or perceived race, color, ethnicity, age, religion, political affiliation, marital status, disability, gender, sexual orientation or national origin.
 - 3. That the action taken was not in accord with the facts.
 - 4. That the penalty involved is excessive.
- B. A permanent employee who has not served the full probationary period for the class (position title) and who is demoted to the class (position title) from which promoted may request an investigation by the Commission within 14 days after the receipt of the copy of written charges. The request for the investigation shall be based only on one or more of the four grounds provided above for appeals. The Commission shall conduct a preliminary investigation, confined to the grounds set forth in the charges and in the request for the investigation, and shall notify the Superintendent and the employee in writing of its findings. If the Commission's investigation and findings, however, indicate any discriminatory action, the Commission may order a formal hearing. The decision of the Commission shall be binding on the Superintendent.
- C. A permanent employee has a right to request that the appeal be in the form of a public hearing. Absent a request for a public hearing, the hearing shall be closed and attendance limited to only those persons essential to the matter who may include the following:
 - The employee

Decisions made by the Commission shall not be invalidated by any informality in the proceedings.

- C. The Personnel Commission or its hearing officer shall determine the relevancy, weight, and credibility of testimony and evidence. It shall base its findings on the preponderance of evidence.
- D. Each side will be permitted an opening statement (Board first) and closing arguments (employee first). The Board shall first present its witnesses and evidence to sustain its charges, and the employee will then present her/his witnesses and evidence in defense.
- E. Each side will be allowed to examine and cross-examine witnesses.
- F. Both the Board and the employee will be allowed to be represented by legal counsel or other designated representative.
- G. The Commission may, and shall if requested by the Board or the employee, subpoena witnesses and/or require the production of records or other material evidence.
- H. The Commission may, prior to or during a hearing, grant a continuance for any reason it believes to be important to its reaching a fair and proper decision.
- I. Whether the hearing is held in a public or executive session, the Commission, after it concludes the hearing, may deliberate its decision in executive session. No persons other than members of the Commission, shall be permitted to participate in the deliberations. [The members of the Commission reserve the right to call/request input from counsel and/or Commission staff.]
- J. The Commission shall render its judgment no later than 14 days after conclusion of the hearing or receipt of the advisory opinion if a hearing officer was used. Its decision shall set forth which charges, if any, are sustained and the reasons therefor.
- K. The Commission may sustain or reject any or all of the charges filed against the employee. It may sustain, reject, or modify the disciplinary action invoked against the employee. It may not provide for discipline more stringent than that invoked by the Board.
- L. The judgment of the Commission shall be final.
- M. The Judgment of the Commission shall be delivered personally or by certified mail to the charged employee, his/her designated representative, the Superintendent and the Director of Personnel. The Judgment shall set forth the effective date of any action ordered by the Commission.
- N. The employee or her/his representative may obtain a copy of the transcript of the hearing upon written request and with agreement to pay for necessary costs.

CHAPTER 7

WAGE AND SALARY PROVISIONS

7.100 APPLICATION OF SALARY SCHEDULES

7.100.1 Salary on Employment

- A. Except as otherwise provided in these rules, appointment to any position in any class (position title) shall be made at Step 1, and advancement to rates greater than the minimum rate shall be by successive steps in the salary range for the class (position title).
- B. Salary range allocated to a particular class of position title is followed by 1, 2, 3, 4, or 5. Such numbers refer to the salary range steps.
- C. In exceptional cases and after reasonable effort has been made to obtain employees for a particular class (position title) at the minimum rate (i.e., Step 1), employment of individuals who possess special qualifications higher than the minimum qualifications prescribed for the particular class (position title) when authorized by the Director of Personnel and approved by the Superintendent, may be hired at Step 2 of the salary range for that class (position title). The Director of Personnel shall inform the Commission of the exceptional circumstances which may occasion consideration of such action.
- D. A temporary employee filling a permanent position will be granted service credit on the Salary Schedule for continuous service prior to regular appointment up to a maximum of three (3) months. Credit for a month's service is granted when one-half (1/2) or more of the workdays in any given month prior to regular appointment are in a paid status, regardless of number of hours worked per day.

7.100.2 Anniversary Dates

- A. The first anniversary date of a new employee or an employee who is reemployed after resignation shall be the first day of the calendar month following completion of six months employment in the particular class (position title).
 - 1. If such persons are employed and commence to work between the first and the fifteenth of the month, the first day of the month shall be considered to be the first day of employment.
 - 2. If such persons are employed and commence to work between the sixteenth and the last day of the month, the first day of the month next succeeding shall be considered to be the first day of employment.
 - 3. After completion of the probationary period, the anniversary date for changes to higher steps shall be a period of twelve months from the first anniversary date for each step. For those hired at a higher step, their date of hire is considered their first anniversary date, and their first salary review will take place 12 months after date of hire.
- B. The first anniversary date of employees who are promoted shall be the first day of the calendar month next following completion of six months of employment in the class to which they are promoted.
- C. The first anniversary date of employees who are demoted shall not be changed as a result of such demotion, except that employees who are promoted and subsequently demoted shall reassume the anniversary date which they had prior to promotion.
- D. The anniversary date of employees who transferred to a class allocated to the same salary range is not changed as a result of such transfer.
- E. The anniversary date of employees whose class is reallocated from one salary range to another shall not be changed as a result of such reallocation.

- F. In the case of provisional employees or employees who are serving a probationary period on their anniversary date, such anniversary date shall be deferred until the first day of the calendar month next following completion of a probationary period of six months or longer in the particular class.
- G. Whenever employees are absent without pay for twelve or more working days in any anniversary year, all of their subsequent anniversary dates shall be deferred for one month. For each twenty additional working days of absence without pay in any anniversary year, all of the subsequent anniversary dates shall be deferred for one additional month. However, this paragraph shall not apply to absences on paid industrial accident leave or to absences governed by the California Military and Veterans Code.
- H. For employees whose step advancement is postponed by the Superintendent, the anniversary date shall be changed to the date to which the advancement is postponed.

7.100.3 Step Advancement Within Salary Range

- A. Step advancement authorized herein shall be made from each step to the next higher step within the limits of the appropriate salary range on each anniversary date except as otherwise provided herein. No such advancement shall be made without a written approval therefor by the Marin County Office of Education.
- B. Should the Superintendent specify that the advancement be postponed for one or more months, not to exceed six months' deferment, such notice will be put in writing to the Director of Personnel.
- C. No step advancement shall be made for provisional employees or for employees serving probationary periods.

7.100.4 Salary on Promotion

Employees who are promoted to a position of a class allocated to a higher salary range than the class from which they were promoted shall receive the salary of the first step of the range for the new class, provided that in those cases where the salary before promotion is the same as or greater than the salary of the first step of the new class, they shall receive the salary of the range of the new class next higher than the salary they received before promotion. Notwithstanding these provisions, no employee so promoted shall receive less than a 5% increase in salary. Promotional increases shall be independent of both normal anniversary step increases and any upward reallocation of the class (position title) to which promotion is made (Rule 6.200.4).

7.100.5 Salary on Demotion

Employees who are demoted to position of a class allocated to a lower salary range than the class from which they are demoted shall have their salary reduced to the salary in the range for the new class next lower than the salary they received before demotion. Such demotion shall be independent of any reallocation of the class to which demotion is made or of any step advancement to which the employee may be entitled through reassumption of a former anniversary date.

7.100.6 Salary on Transfer

In case of the transfer of an employee from one position to another in the same class or to another class to which the same salary range is applicable, the employee shall continue to receive the same salary. Such transfer shall be independent of any reallocation of the class to which transfer is made.

7.100.7 Salary on Reallocation of Class

An employee in a position of a class which is reallocated from one salary range to another shall be compensated at the same step in the new salary range as she/he was compensated in the range to which the class was previously allocated.

7.100.8

Salary on Reclassification of Position

- A. The salary of an incumbent of a position which is reclassified to a different class shall be compensated at the same step of the salary range for the new class as the step at which she/he was compensated for in the former class. This provision shall not apply in the event a position in one class is abolished and replaced by a position in a different class. (Rule 3.200.11)
- B. Whenever the effect of reclassification is to reduce the salary of an incumbent, a capital "Y" shall be set opposite the reclassified position in the departmental budget and on all payroll and other personnel records. Wherever a capital "Y" is set opposite a position, the incumbent shall continue to receive her/his previously authorized salary until termination of her/his employment in the position, or until a higher rate of pay is authorized. This action is referred to as a "Y-Rating".

7.100.9

Salary Computation

- A. For each basic monthly salary there is established a standard hourly rate which is obtained by dividing the basic monthly salary by 21.67, the average number of working days in a month (Authorized holidays included).
- B. Each full-time employee whose pay status at the same basic monthly salary rate in any calendar month equals the normal full-time month's work for her/his position in that month, shall be paid the basic monthly salary prescribed for her/his class.
- C. Each full-time employee, and each part-time employee whose position is budgeted at a fixed percentage of full-time work, and who is employed at two or more basic monthly salary rates during any calendar month, or whose pay status in any calendar month is less than the normal full-time month's work for her/his position in that month, shall be paid in the same proportion to the basic monthly salary rate as the proportion of her/his pay status at each rate to the normal full-time month's work in that month. Computation of partial monthly pay for classified employees on monthly salary rate will be in accordance with the following tables and formulae:

Compensation due a classified employee for services performed for part of a month will be determined by multiplying the daily rate (as determined in A above) by the number of days of actual service.

- 1. Days of actual service shall include paid holidays provided the classified employee was in a paid status during any portion of the working days immediately preceding or succeeding the holiday. (Education Code Section 45203)
- 2. The number of days in any month countable for pay purposes shall be considered to be 21.67, including all authorized paid holidays.
- 3. Employees separating for any reason after one year of service shall be paid for Accrued Annual Vacation Leave and Compensatory Time earned as actual days of service and at the rate of compensation in effect at the time of separation except:
 - a) Compensatory Time earned is payable at any time of separation, but time earned more than 12 months previous is not reimbursable. The rate of compensation made for overtime will be in accordance with Rule 7.200.3.
- D. Each part-time employee, except as provided in Sub-section C above, and each person employed full-time on a limited-term or emergency basis for less than one month shall be paid at the appropriate standard daily rate as determined in Subsection A above, prorated for each part of an eight hour day of pay status.

CHAPTER 8

MISCELLANEOUS PROVISIONS

8.100 PROCEDURE FOR THE ADJUSTMENT OF GRIEVANCES OF CLASSIFIED PERSONNEL

8.100.1 Purpose of the Adjustment Procedure

The adjustment procedure is the medium through which permanent classified employees may seek adjustment of complaints arising out of alleged violations of established Superintendent policies or rules or administrative procedures, working conditions, or job relations, including a complaint of one employee against another employee. Because complaints should be adjusted as promptly as possible, various steps have been provided. There is an obligation on the part of an aggrieved employee to make known the existence of the complaint and the facts pertaining to the complaint within 30 working days of any specific or documented incident or at the earliest possible date after the recognition of a nonspecific occurrence so that efforts can be made through the adjustment procedure to resolve differences and to promote harmonious relationships.

Matters excluded from the adjustment procedure shall be:

- A. Accusatory charges relating to the moral or professional fitness of an employee. Such charges shall be processed by the Superintendent.
- B. Matters specifically reserved for action or review by the Personnel Commission under Personnel Commission rules in effect at the time the events leading to the grievance occurred. Such matters shall be processed through normal channels by the Personnel Commission.
- C. Complaints about the subject matter of a Superintendent policy or rule or administrative procedure, rather than the administration of the policy or rule or procedure. An employee with such a complaint should direct her/his suggestions for change through administrative channels to the Superintendent or to the administrator who established it.
- D. Classified employees covered by valid collective bargaining agreements to the extent that the grievance is covered by the labor agreement.
- E. Matters pertaining to sex discrimination which are covered by a separate "Title IX" complaint procedure.
- F. Matters pertaining to disability which are covered by a separate "Section 504" complaint procedure.

8.100.2 Steps in the Adjustment Procedure

A. Informal Discussion with Supervisor

Informal discussion between an employee or a group of employees and the immediate supervisor shall take place to attempt to resolve the problem. The conference shall be confined to the parties immediately concerned. A prompt and courteous examination of the facts to reach a satisfactory adjustment shall be attempted. In the event satisfaction between the employee and the immediate supervisor cannot be established, the procedures set forth in paragraph B will govern the action.

B. Formal Discussion for Further Appeals

1. The immediate supervisor of an employee is the key individual in handling employee grievances and should be the first person contacted before further appeal is made.
2. When the immediate supervisor is a party to the controversy, an informal discussion between the employee, immediate supervisor, and Department Head may be held in an attempt to reconcile differences.
3. In cases where employee(s) have followed steps 1 or 2 above and the grievance has not been settled to satisfaction, the employee(s) may then present the problem in writing to the Director of Personnel with a copy of the written problem to the immediate supervisor and Department Head. The Director of Personnel will investigate the case, interview the employee(s), interview the supervisor and other interested persons as required, and try to resolve the problem by interpretation and explanation of existing policies and rules. If at this point dissatisfaction still persists, the Director of Personnel will bring the matter to the attention of the Superintendent or her/his designee.
4. The Superintendent or her/his designee will interview such personnel as are deemed necessary and make every reasonable attempt to solve the problem to the satisfaction of all concerned. Should the matter still remain unresolved at this point, the Superintendent or her/his designee will refer the matter back to the Director of Personnel who shall then present the matter before the Personnel Commission which shall hear the grievance and receive all other relative information it deems necessary to arrive at a decision. If the matter falls under the purview of the Merit System Rules, the findings of the Commission shall be binding.
5. Time is of the essence in handling any grievance by whatever level of authority the matter is presented. No more than fifteen working days should elapse before a grievant receives a reply or a decision from the individual who has the problem under consideration. The Personnel Commission may require a maximum of thirty working days in order to explore all necessary evidence and interview witnesses.
6. If after a thorough review of the grievance the Personnel Commission determines that the grievance is a subject that should be placed before the Superintendent, it shall be so referred in writing by forwarding all pertinent papers to the Superintendent and the action of the Superintendent shall be final.

8.200 EMPLOYER-EMPLOYEE RELATIONS

8.200.1 General Provisions

The Superintendent, its agents, and the Personnel Commission, its officers and agents, are governed, as are employees and employee organizations, by the provisions of Article 6 of the California Government Code #3540 through 3549 and Education Code Section 45240 et seq.

8.200.2 Unlawful to Strike or Engage in Other Concerted Labor Activities

- A. California Government Code Section 3549 specifically provides: "The enactment of this Chapter shall not be construed as making the provisions of Section 923 of the Labor Code applicable to public school employees." This section means that public school employees may not strike against the Marin County Office of Education, nor may they engage in other related types of activities in order to attempt to resolve grievances or differences, real or fancied.

- B. Any employee or groups of employees, either by their own initiative or through an employee organization, leaving their duty assignment or refusing to perform or failing to report to duty as a result of a strike or other concerted labor activities may be considered as having abandoned their positions, and, if dismissed, shall not be eligible for reinstatement or subsequent employment with the Marin County Office of Education. The Superintendent may bring charges against any employee or employees for abandonment of position under this rule.
- C. Any classified employee who absents himself from duty, for any reason, during the period of an unlawful strike, sit-down, slowdown, or other concerted activities shall be required to provide proper evidence that her/his absence was lawful and in no way an effort on the employee's part to further the strike or concerted activity.
- D. Any rule prescribed under this Act or the rules outlined in this Handbook which permits personal or illness absences without evidence of necessity is suspended and void during any attempted strike or other concerted labor activity against the Marin County Office of Education.

8.300.3 Personal Candidacy

Any employee may be a candidate for any political office for which she/he may file without suffering any loss of employment status in the office, unless she/he violates the provisions of Rule 8.300.2, and except as provided in Rule 8.300.4B.

8.300.4 Leave of Absence

- A. An employee, who files for a political office, may request and shall be granted, an unpaid leave of absence which shall commence not earlier than one month prior to the concerned election and continue until the election processes have been completed insofar as her/his candidacy is concerned.
- B. Such leave is required if the employee is a candidate for election to the Marin County Board of Education.

8.300.5 Election to a Political Office

An employee who is elected to a political office, the duties of which will clearly conflict with her/his normal duty hours and assignment with the office, may request, and shall be granted, an unpaid leave of absence which shall commence on the date she/he assumes the office and shall terminate not later than 30 days after her/his last day in the elected office. Reelection to the same office or election to a different office which provides reasonable continuity of elected public service shall cause extension of the approved leave.

8.300.6 Intent

It is the Commission's intent and purpose in enacting these rules to allow employees their lawful privilege of political freedom and activity but to insure that political activities are not engaged in during normal duty hours and normal duty assignments. The office has a reasonable obligation to make certain that personnel are aware of their political rights and can exercise those rights but, at the same time, to insure that its employees do not wrongfully use their duty hours or office property, equipment, or facilities for political purposes.

8.400 NEW EMPLOYEE CLEARANCES

8.400.1 Physical Examinations

1. All criminal record reports are confidential. Any employee charged with receiving and/or reviewing them who divulges information contained therein to an unauthorized person is subject to disciplinary action.
2. The Director of Personnel is designated as the Records Security Officer in compliance with criminal record security procedures of the Department of Justice, State of California.
3. The criminal records report will be reviewed together with the person's application form. If there is a criminal record, the appointing authority shall determine whether or not the person should be employed or retained in employment.
4. If the record discloses no information beyond that supplied by the person on her/his application form, and she/he was accepted for examination and/or appointment, she/he shall be considered employable.
5. If an employee is to be dismissed because of information disclosed on the criminal records report or if the appointing authority desires that an eligible be removed from an eligibility list because of such information, the Personnel Commission shall be notified of the recommended action and the reasons therefor.

If it approves the recommendation, the Commission shall notify the employee or eligible of the action taken or contemplated and the reasons therefor. The Commission shall provide the person with an opportunity to appeal the decision in writing within 10 days of notification and may hold a hearing at its discretion. The decision of the Commission shall be final.
