

MARIN CTE CENTER

fall 2022 updates

REAL WORLD, HANDS-ON EDUCATION FOR HIGH SCHOOLERS

Career Technical Education (CTE) integrates academic, technical, and occupational knowledge to provide students with pathways to high-demand, livable-wage careers. Key features are the connection with industry and postsecondary opportunities, including early college credit.

CTE makes academic content accessible to students by providing it in a hands-on context, a key element to learners finding and preparing for a career they are passionate about.

HIGH-DEMAND, LIVABLE-WAGE JOBS

The Marin CTE Center will offer pathways to industry sectors with significant projected growth, and provide careers that meet or exceed the livable wage for Marin County.

The first three planned pathways will be Residential & Commercial Construction, Education, and Patient Care.

Projected annual job openings in the North Bay (Centers of Excellence, 2022)

- 8,904 - Healthcare
- 5,366 - Energy, Construction & Utilities
- 29,347- Education

HAPPENING NOW

- Two additional sections of Auto Tech and Car Appreciation & Preservation started this fall
- Plans are underway to offer introduction courses in "Building & Construction Careers" and "Education Careers" this spring
- We are currently in the process of finalizing the curriculum, hiring teachers, and recruiting students

BREAKING GROUND

- Plans have been developed for the new outdoor classroom, providing a multi-use learning and working space
- Construction is set to begin this spring, finish this summer, and be ready for students fall 2023.

HOW TO SUPPORT

We are accepting money, materials, and time. Donate today!

We are seeking instructors for the new Building & Construction Careers class. Refer someone today!
