

UPDATES REGARDING HiSET TESTING
As of April 13, 2020

MCOE wants HiSET test takers to be aware that the health and safety of the entire community is our first priority. To prevent the spread of Covid-19, classroom instruction and some services have been suspended. Currently, HiSET testing is suspended until further notice. As changes are happening almost daily, please continue to check here for additional updates. We remain committed to sharing up-to-date information and supporting the needs of our test takers. If you have any further questions please feel free to contact Laura Gonzalez at lgonzalez@marinschools.org
