---

---

## Welcome & Introductions

- Tara Taupier and Jill Sellers, welcome everyone to the E2 meeting.

## Topic 1: Streamlining district office functions between districts

- The Collaborative shared examples of how shared services have worked or are currently working for them.
- Attendee Brad Honsberger asked if any of the districts are looking at system sharing vs. personnel sharing.
- Not many of the districts are currently sharing systems due to the unique flow of work district by district.
- Brad Honsberger followed up by asking if districts are considering more automated systems to save time.
- Terena Mares shared the MCOE process of moving some business and personnel processes from paper to digital using SharePoint.
- The collaborative wrapped up the topic with a discussion about universal TK and possible service sharing in that arena.

## E2 Video and Materials

- The Collaborative reviewed the draft business card
- Brett Geithman suggested it be converted into an Apple Wallet card so the E2 members can access it digitally.
- Jill Sellers suggested the Collaborative submit to Marin Voice, to share the video and other updates with the community.
- For members who are interested in volunteering to work on a sub-topic video script, Terena Mares encouraged the members to volunteer to work on a sub-topic video script of their choice, if interested. Terena will connect Collaborative members with relevant educators to collect information and data for the scripts.

## Next Meeting

- Wednesday, December 8, 2021
- Topic: District Consolidation – Better Together presents
