COHOUSING COMING TO MARIN IN 2020

For those of us who grew up in (or wished for) a neighborhood where children played spontaneously outdoors, learning from adventures, inventing games with their own rules, creating a world that was at once safe and also separate from adults...

For those who long for more unstructured social contact with neighbors...

For those whose parents and extended families live in other parts of the country and who wish to have the support of extended family nearby...

For those who want to break out of the silos that our homes can become...

For those who lament the inefficiency of every household having its own lawnmower, grill, garden tools...

For those who are so busy with work, children, and activities that we struggle to make time for a social life...

For those who simply want to be part of something larger than themselves...

Cohousing is coming!

ARE YOU LOOKING FOR
