\$350 Includes Keynote Speaker, Breakfast, Lunch, and Resources

\$325/person for school or district teams of five or more

Choose One Three Day Strand from the choices below. Registration link: <http://bit.ly/MCOESummer>

## Courageous Conversations Beyond Diversity I

**Educators** explore and examine impact of race on student achievement and the role it plays in our classroom.

The third day extends learning from Cultural Relevant Instructional practices.

## Rigorous PBL by Design

**Teachers** develop rigorous problems and projects to use in the classroom while exploring three key design shifts of clarity, challenge, and culture to maximize impact on student learning.

## The Lead Learner

**Administrators** focus on developing systems for impact on learning through clarity, coherence, and capacity through crafting personal leadership skills for impact with Dr. McDowell.

The third day is a one-day splash of Rigorous PBL by Design.

## Making Learning Accessible for Each Student

**Teachers** engage in research-based strategies designed to help all learners meet high standards using the principles of Universal Design for Learning (UDL), Academic Discourse, and Arts Integration.

## Digging into NGSS

**K-8 Teachers** will engage in the 3-Dimensional learning of NGSS by engaging in an inquiry-based workshop, focused around using an anchor phenomenon to learn how to make learning accessible to students using hands-on science, academic discourse, and rich, rigorous tasks.
