

We have the data!

Now what do we do with it to drive classroom instruction?

CAASPP Interim Workshops

Participate in this workshop on **Feb 1st and 13th**, which will focus on math. MCOE and teachers from across the county will learn how to administer and dig into the CAASPP Interim Assessments.

Administer CAASPP Interim Assessments between the 2 workshops.

Learn how to use the data to guide daily instruction to meet students where they are and support their next steps.

Collaborate with grade level teams to plan where and how to implement lessons using the data from student results.
