

Hello everyone:

In record time, MCF has made two emergency grants to Mission Asset Fund (MAF) and Canal Alliance (CA) **to cover the full cost of renewal application fees** for any DACA recipient who lives, works, or attends school in Marin County.

These grants are in direct response to the recent announcement by the U.S. Attorney General of the rescission of DACA, the program that provided a level of protection and opportunity to undocumented youth brought to the U.S. as children. We estimate between 300-500 Marin residents are eligible to **renew by the October 5 deadline**, but they must pay an application fee of \$495. MAF and CA have set up scholarship funds for this specific purpose. Canal Alliance, in partnership with 10,000 Degrees, is also offering two free workshops this weekend that will include DACA application assistance, immigration screening, and 1:1 consultations with pro bono attorneys. Whether people go through Canal Alliance or choose to self-renew, they can access fee application assistance through either organization.

With October 5 just two weeks away, time is of the essence to ensure DACA holders get their applications in on time. Literally every minute counts right now! Please share widely to help us get the word out immediately to our local Dreamers, especially with organizations and institutions that serve immigrant families. We stood by them when DACA started, and we stand by them now.

Please let me know if you have any questions.

In community,

Patti
