Data-Informed Instruction

October 24, 2017 & February 27, 2018

8am – 3pm

Presenter: *Kelli Leavell*

Kelli Leavell, M.Ed. is an author and national education consultant. For the past 20 years Kelli has had the opportunity to work in a variety of roles at the classroom and district level. Kelli provides training and consultation for states, districts, and educational foundations across the country. She specializes in PreK-5 systems building and alignment. Kelli helps schools effectively incorporate research and best practices from the fields of neuroscience and development, social emotional learning and regulation, instruction, and assessment. She provides schools with a data analysis, goal setting, and responsive instruction process that personalizes learning, increases student outcomes, and improves overall systematic effectiveness.

The Data-Informed Instruction TOT will focus on:

- Developing an understanding of the components of the Data Use Framework
- Building instructional systems that support sustainability and increase student outcomes
- Development of a PreK-5(8) Equity Data Plan
