Administrators

- ◆ Teach students to converse in academic ways
- ◆ Use conversations as formative and summative assessments of a wide range of knowledge, skills and engagement indicators
- ◆ Dig into best practices for struggling learners
- ◆ Strategies for working with English Learners
- ◆ Discussion based format for school teams in how to support learning for all students

Jeff Zwiers, Ed.D., teaches in the Stanford Teacher Education program and works on Stanford's Center to Support Excellence in Teaching. He has been a teacher, mentor and teacher educator in linguistically diverse settings for more than fifteen years.

Jeff consults both nationally and internationally and has published articles and books on literacy, cognition, and academic language.
