

Approaching Math Learning...

Through a Growth Mindset

The California Mathematics Council is offering to enroll a second cohort of participants in Jo Boaler's online course "How to Learn Math for Teachers".

Approximately 100 Marin County teachers are completing Cohort I this spring.

Here is what they have to say about it:

"I really value the time we have been given to hear what others are doing in their classrooms and schools."

"Love the strategies to use with my class!"

"I am thinking more of how to encourage the students to collaborate."

Participate in 8 on-line sessions of Mathematical Growth Mindset

Engage in 4 collaborative sessions with teachers across the county.
Facilitated by Eileen Smith and Math Consortium teachers

Follow the 3 steps below to Register by Friday, April 14, 2017

- 1) Register on Eventbrite for MCOE registration:
<https://approachingmathlearning-second-cohort.eventbrite.com>
