Join the Marin County Office of Education and Bring Change to Mind for a Community Discussion on the widely watched and controversial Netflix series, 13 Reasons Why. Panelists will discuss concerns that have been raised about how the show sensationalizes and simplifies suicide and the effects that may have on student wellness. The dialogue will be guided by the results from a Marin county-wide 13 Reasons Why student survey.

Our Panel will include perspectives from both youth and community mental health professionals. This panel discussion is open to parents, teachers, school administration, and youth.
