

# Immersive Learning eXperiences

Virtual Reality in Education

Marin County Office of Education

Wednesday November 16, 2016

4.00 – 5.30 PM

If you are an educator hearing about some of the hype lately surrounding virtual reality (VR), you may be asking “what is VR and how could I use VR in my classroom”. The Marin County Office of Education, The MakerSpace at the Novato Community Education Center and the Marin County Free Library invite you to Immersive Learning eXperiences on November 16 where attendees can hear from educators describing how they use VR to increase student engagement and excite students about learning.

You will have an opportunity to experience VR and its remarkable ability to create a sense of presence, interactivity, wonder, and empathy. VR experiences in science, art, history, media, engineering, music, and special education will be available to try.

Presenters include:

- Lizz Klammer Teacher Alta Vista School - San Francisco Ca
- John Macleod – CEC Maker Space and Drake High School, San Anselmo Ca
- Dan Phillips – Marin COE, Technology Resource Center – San Rafael Ca
- CyArk [www.cyark.org](http://www.cyark.org) Oakland Ca
- Dynamoid [www.dynamoid.com](http://www.dynamoid.com) Oakland Ca – Seattle Wa
- Lifeliqe [www.lifeliqe.com](http://www.lifeliqe.com) San Francisco, Ca

Demos of Oculus, HTC Vive, and Samsung Gear devices and a Google Expeditions VR classroom.
