The Marin Community Foundation is proud to be a part of this countywide coalition of schools, businesses and families in support of excellence and equality for all Marin students.

SCHOOLSRULE**-MARIN** is a coalition of all Marin public school foundations working to benefit every public school student in the County. Since 2012, **SCHOOLS**RULE**** has distributed more than \$2 million dollars of funds on a per student basis to the school

foundations and school districts supporting literacy, arts, technology and health. Together with the communities and businesses of Marin, we can ensure that all 36,088 students, in all of our schools, have access to the same high quality programs and the same opportunities

for success. Whether you have kids in public school or not, every aspect of life in Marin improves when our public schools have the resources to do their job. Please support our public schools countywide and help us reach our 2017 goal of \$1M!
