

**Update on MERA Radio Order
October 4, 2016**

- The MERA Radio Purchase Order with Motorola is in process and will be in to Motorola by the end of this week (October 7).
- We anticipate delivery of MERA radios by mid-to late October (10 Business Days once order is confirmed).
- Once estimated delivery date is determined, MCOE will work with MERA to coordinate set-up and programming of portable radios, and installation and programming of console radios.
- Once all radios are tested and functioning, training by MERA staff will be scheduled, tentatively targeted in conjunction with December 7, 2016 or January Superintendents Day meeting.
- All Districts are asked to forward their list of District staff to be trained to Ken Lippi by October 15, 2016.
- Invoices for District Radios are being processed by the MCOE Business Office and will be forwarded to Districts in the next couple of weeks.
