

TK/K-12 CONDITIONAL ENTRY DECISION TOOL

For Determining if a Child Entering Transitional Kindergarten, Kindergarten,
Elementary, or Secondary School is:

Up-to-Date on Immunizations

Or

Missing One or More Immunizations but Qualifies for **Conditional Entry**

Or

Missing One or More Immunizations and Requires **Exclusion** from School

Communicable Disease Prevention Unit & Immunization Program

Population Health Division

San Francisco Department of Public Health

How to Use this Tool

This tool is designed to assist California public and private school personnel in evaluating immunization records to determine whether children qualify for Transitional Kindergarten through Grade 12 school entry based on their immunization status.

The tool is based on California School Immunization Law

- CALIFORNIA CODE OF REGULATIONS TITLE 17, DIVISION 1, CHAPTER 4 <http://eziz.org/assets/docs/IMM-1080.pdf>
- CALIFORNIA HEALTH AND SAFETY CODE SECTIONS 120325-120380

Step 1: Transfer the child's immunization records to the California School Immunization Record ("Blue Card")

Available at: <http://www.cdph.ca.gov/pubsforms/forms/CtrlForms/cdph286.pdf>

Step 2: Determine whether the child has a valid Personal Belief Exemption, Temporary Medical Exemption, or Permanent Medical Exemption

See details at: <http://www.shotsforschool.org/>

Step 3: If the child does not have a valid Exemption, use this tool to determine whether the child is

- **Up To Date** on Immunizations
- Missing One or More Immunizations But Qualifies for **Conditional Entry**
- Missing One or More Immunizations But Does Not Qualify for Conditional Entry and Therefore Requires **Exclusion** from School

For each of the immunizations listed below, find the child's age/grade group. Then follow instructions starting with the top line in order to determine the child's status.
