

# *Eating Disorders: Myths, Facts & How to Respond*

## **April 27, 2016**

**Marin County Office of Education**  
**1111 Las Gallinas Avenue, San Rafael**  
*4-5:30 pm Educators*  
*6:30-8:00 pm Parents/Students*

Eating disorders have the highest mortality of any psychiatric diagnosis and are the leading cause of death in teens and young adults between the ages of 15-24 years of age. This informational lecture will increase awareness in the community and provide a forum for teachers, parents and students to discuss these issues with experienced clinicians.
