Marin County Office of Education

### APPLY NOW!

Complete the UCCI Institute Application:

<http://bit.ly/ucciforoc>

A working lunch will be provided each day.

### UCCI Institutes

At the **UCCI Institutes**, teachers collaborate in the development of innovative high school courses that integrate academic subjects such as English, history and mathematics with the content and skills of various career technical education (CTE) sectors.

- ❖ **Courses** created at the Institutes have “program status,” meaning that once they are “a-g” approved, they are made available for any California high school to teach.
- ❖ **Teamwork** at the Institutes means that teachers learn from one another, sharing great ideas and developing meaningful relationships.

Questions? Please contact Vipul Gupta or Mike Grant at: [vgupta@marinschools.org](mailto:vgupta@marinschools.org) | [mgrant@marinschools.org](mailto:mgrant@marinschools.org)

### UCCI Courses

At present, there are **47 UCCI courses on our UCCI Course Catalog**. These courses are available for implementation at any CA high school. View the UCCI course list at <http://ucci.ucop.edu/integrated-courses/a-g-table.html>.

UCCI is an initiative of Student Affairs, Admissions (High School Articulation) at the UC Office of the President, with funding administered by the California Department of Education.

### Institute Focus:

Seven teams, creating the following courses:

**Engineering** integrated with **Physics Laboratory Science** ("d")

**Engineering** integrated with **Mathematics** ("c")

**Biotechnology** integrated with **Lab Science** ("d")

**Engineering** integrated with **Environmental Science** ("d")

**Healthcare/Biotechnology** integrated with **Math** ("c")
