

# MARIN REGIONAL OCCUPATIONAL PROGRAM

## 2015-16 COURSE OFFERINGS

The Marin Regional Occupational Program (ROP) is administered by the Marin County Office of Education. The classes provide both entry-level and advanced career technical education that enables students to enter the job market, upgrade existing skills, or transfer to more advanced training. Moderate fees are charged for adults. There is no fee for high school students.

ROP classes are project-based and may be taken for consecutive semesters. Several classes have articulation agreements with the College of Marin or receive "A-G" credit for the UC/CSU system. Students may obtain more information by consulting with their school counselors or college and career centers, or by contacting the ROP office.

Note: All high school classes are given during the school day. As school schedules often change, we request that you please contact the high school to obtain time and day information for a specific class section. *Adult and after-school classes are noted in italics.*

For additional information, please contact the ROP office at (415) 499-5860 or at (415) 491-6639, or visit our website at <http://www.marinschools.org/rop>.

### Arts and Communication Pathway

#### Digital Communications (ComAcad)

Sir Francis Drake High School
