

Proposed amendments to AB 1006, to only amended Education Code sections 45103 and 88003 as follows, retaining all other existing Code language. Amendments are in **bold underline**.

§ 45103. Classified service in districts not incorporating the merit system

(a) The governing board of any school district shall employ persons for positions not requiring certification qualifications. The governing board shall, except where Article 6 (commencing with Section 45240) or Section 45318 applies, classify all of these employees and positions. The employees and positions shall be known as the classified service.

(b)(1) Substitute and short-term employees, employed and paid for less than 75 percent of a school year, shall not be a part of the classified service.

(2) Apprentices and professional experts employed on a temporary basis for a specific project, regardless of length of employment, shall not be a part of the classified service.

(3) Full-time students employed part time, and part-time students employed part time in any college workstudy program, or in a work experience education program conducted by a community college district pursuant to Article 7 (commencing with Section 51760) of Chapter 5 of Part 28 and that is financed by state or federal funds, shall not be a part of the classified service.

(4) Part-time playground positions shall not be a part of the classified service, where the employee is not otherwise employed in a classified position. Part-time playground positions shall be considered a part of the classified service when the employee in the position also works in the same school district in a classified position.

(c) Unless otherwise permitted, a person whose position does not require certification qualifications shall not be employed by a governing board, except as authorized by this section.

(d) As used in this section:

(1) "Substitute employee" means any person employed to replace any classified employee who is temporarily absent from duty. In addition, if the district is then engaged in a procedure to hire a permanent employee to fill a vacancy in any classified position, the governing board may fill the vacancy through the employment, for not more than 60 calendar days, of one or more substitute employees, except to the extent that a collective bargaining agreement then in effect provides for a different period of time.

(2) "Short-term employee" means any person who is employed to perform a service for the district, upon the completion of which, the service required or similar services will not be extended or needed on a continuing basis. Before employing a short-term employee, the governing board, at a regularly scheduled board meeting, shall specify the service required to be performed by the employee pursuant to the definition of "classification" in subdivision (a) of Section 45101, and shall certify the ending date of the service. The ending date may be shortened or extended by the governing board, but shall not extend beyond 75 percent of a school year. **A short-term employee position shall not continue on a year-after-year basis.**

(3) "Seventy-five percent of a school year" means 195 working days, including holidays, sick leave, vacation and other leaves of absence, irrespective of number of hours worked per day.

(e) Employment of either full-time or part-time students in any college workstudy program, or in a work experience education program shall not result in the displacement of classified personnel or impair existing contracts for services.

(f) This section shall apply only to districts not incorporating the merit system as outlined in Article 6 (commencing with Section 45240)
