Implementing Evidence Based Practices for Students with Autism

This four part series will include an introductory session focused on learning more about Autism. Participants will then have the opportunity to do a case analysis for a particular student(s) and identify how to select an Evidence Based Practices (EBPs) to help target a particular skill domain(s).

Future sessions will focus on implementation of chosen evidenced based practices. Bridges Cadre members will be available for individual coaching during implementation.

NEW DATE February 16, 2022 - What is Autism?

March 21, 2022 - EBP Focus Session

April 25, 2022 - EBP Focus Session

May 23, 2022 - EBP Focus Session

All dates 3:15-4:30 PM
Virtual Online Sessions
