First Interim 2021-22 Budget Key Guidance

On June 28, 2021, Governor Gavin Newsom signed an on-time budget. The budget maintained several items that were included in the May Revision: a 5.07% Cost of Living Adjustment (COLA) to the Local Control Funding Formula (LCFF), 4.05% COLA to Special Education, and 1.7% to state categorical programs; contributions to the Public School System Stabilization Account and rainy day funds; and a legislative workaround to limit spending and maximize exceptions to maintain the constitutional appropriation Gann Limit. The large funding priorities in this Adopted Budget are:

- \$11 billion to eliminate interyear principal apportionment deferrals
- \$3.2 billion for 5.07% LCFF mega COLA
- \$1.126 billion for concentration grant increase
- \$1.8 billion for expanded learning time for K-6 unduplicated students
- Requirement for in-person instruction and the availability of independent study
- Multiyear ramp up of universal transitional kindergarten
- Planning for a universal meal program in 2022-23

Significant Changes Since Budget Adoption

Assembly Bill (AB) 167, the education budget cleanup trailer bill, was signed by the Governor on September 23, 2021. The bill includes cleanup language for the following grants:

- Additional LCFF Concentration Grant funds and the LCAP Supplemental Grant
- Prekindergarten Planning and Implementation Grant Program
- A-G Completion Grant
- Kitchen Infrastructure Grant

In addition, AB 167 provides additional time for requests to change grades to Pass/No Pass received after October 1, 2021. The requirements for this section impose a state-mandated local program. Finally, AB 167 allows substitute teachers to serve in any one assignment for up to 60 cumulative days for the 2021-22 school year.

Independent Study

On June 30, 2021, the statutes that established distance learning in Senate Bill (SB) 98 became inoperative. All of the instructional time and attendance accounting requirements in place prior to fiscal year (FY) 2020-21 are back in effect for FY 2021-22. As in years prior to FY 2020-21, LEAs must meet the requirements of independent study to generate average daily attendance (ADA) for students not scheduled for physical in-person instruction.

Although AB 130, the education omnibus budget trailer bill, did not change the method used to generate a day of attendance for apportionment purposes in independent study, both

temporary (2021-22 only) and permanent changes to independent study program requirements were made and are conditions of apportionment.

AB 167 clarifies that in lieu of receiving attendance credit through the Form J-13A process for COVID-19 related school closures or material decreases in attendance, LEAs may serve impacted students through independent study and claim apportionment pursuant to independent study requirements. If a school closure is necessitated due to staff shortages caused by COVID-19, an LEA may still use the J-13A process.

AB 167 also clarified that the “teacher of record” for independent study programs may be an employee of the LEA or the LEA that has been contracted to provide independent study. FAQs about independent study offering requirements, waivers, instructional time and attendance accounting can be found [here](#).

In addition, the California County Superintendents Educational Services Association developed a [tool kit](#) to help navigate the significant changes to independent study that guides LEAs through the process of developing plans, policy, and strategies for tiered re-engagement.

Request for Allowance of Attendance Due to Emergency Conditions: Form J-13A

AB 130 introduced significant changes to the Request for Allowance of Attendance Due to Emergency Conditions (Form J-13A) for material decreases in attendance and for school closures occurring between September 1, 2021 and June 20, 2022. Chief among the changes is a requirement to submit a plan to provide independent study for school closures lasting in excess of 10 days with all J-13A requests. CDE has published comprehensive [FAQs](#) for LEAs to reference.

AB 167 amended education code to restrict the J-13A process for attendance credit relative to COVID-19 related school closures or material decreases in attendance to solely those events caused by staff shortages as long as specific requirements delineated in statute are met. LEAs may still use the J-13A process to request instructional time credit to meet the annual day and minute requirements to avoid audit penalties if LEAs certify to offering independent study to all eligible students during the school closure.

Additionally, the J-13A process may be used for COVID-19 attendance losses for school sites or classes that only serve students who are individuals with exceptional needs and for students served in community day schools. LEAs may claim apportionment attendance through the provision of independent study for all other COVID-19 related disruptions to in-person learning.

LEAs that experienced a COVID-19 related material decrease in attendance or school closure prior to September 1, 2021, can submit a Form J-13A to mitigate losses of ADA and receive instructional time credit for ADA losses that occurred on dates prior to September 1, 2021. When a state of emergency has been declared, claims for a material decrease in attendance do not have to exceed the 10% threshold normally required.

Expanded Learning Opportunities Program

The state budget provided \$1.8 billion for access to comprehensive expanded learning for all unduplicated students in elementary schools. The intent is to provide before- and after-school opportunities that, in combination with the instructional day, total nine hours daily, in addition to 30 expanded learning days during intersession periods. LEAs must maintain a pupil-to-staff member ratio of no more than 10:1 in programs serving TK & kindergarten age students.

AB167 amends Education Code 46120 to add the Expanded Learning Opportunity Program to the principal apportionment and delays conditions of apportionment until 2022-23. Funds received in 2021-22 may be expended through the 2022-23 fiscal year for developing a program or providing services.

Beginning in 2022-23, as a condition of apportionment, expanded learning opportunities must be offered to classroom based K-6 students based on the LEA’s UPP as follows:

Fiscal Year	LEA UPP	Offering Requirement	Provide Access Requirement
2021–22	All	All TK/K–6 classroom-based unduplicated pupils	50% of TK/K–6 enrolled classroom-based unduplicated pupils
Commencing 2022–23	=>80.00% (Higher funding rate)	All TK/K–6 classroom-based pupils	All TK/K–6 classroom-based pupils upon parent/guardian request
Commencing 2022–23	=<79.99% (Lower funding rate)	All TK/K–6 classroom-based unduplicated pupils	50% of TK/K–6 enrolled classroom-based unduplicated pupils

Education Code (EC) Section 46120(d)(4) provides a three year guarantee of the higher funding rate for LEAs with 80% or greater UPP. This paragraph says that if an LEA qualifies for the higher funding rate in the current year because their prior year UPP is equal to or above 80%, then the LEA is guaranteed the higher funding rate for three years (the current year plus two more years), even if the LEA’s UPP drops below 80% in any of those years. Once the LEA no longer meets the criteria of *EC Section 46120(d)(1)(A)* (prior year UPP equal to or above 80%) for four consecutive years, the LEA will receive the lower funding rate pursuant to *EC Section 46120(d)(1)(B)*.

The schedule of preliminary entitlements at <https://www.cde.ca.gov/fg/aa/pa/elop2122.asp> also identifies the first apportionment equaling 55% of each LEAs entitlement. Future apportionments will flow through the principal apportionment beginning with P1 certification and associated exhibits in February 2022.

The CDE has also published initial [frequently asked questions](#), which we anticipate will be expanded as LEAs investigate the programming and infrastructure required to implement this expansion of school-based activities.

Local Control Accountability Plan

New LCAP requirements come into effect in 2021-22, including: 1) the requirement for a mid-year one-time supplement to the annual update, 2) carryover requirements for actions, expenditures, and qualitative improvements contributing to increased and improved services for targeted pupils, and 3) demonstration of how the additional concentration grant add-on funding is being used to increase the number of staff providing direct services in high needs schools.

The template for the supplement will be adopted by the State Board of Education (SBE) in November, and LEAs will be required to present the supplement at a regularly scheduled board meeting on or before February 28, 2022. The supplement's contents will be focused on any LCFF funds that were not included in adopted LCAPs (e.g., additional concentration grant add-on, 5.07% COLA) and alignment with other plans.

The SBE will also adopt a revised LCAP template in November to reflect all of the new requirements, including the carryover and additional concentration grant add-on requirements.

LEAs should track LCAP and other required plan implementations closely throughout the year and communicate proactively about the new requirements. Carryover related to the increased and improved services may be difficult to avoid in some circumstances due to the confluence of one-time funding and late notice about added LCFF funding. If significant carryover is anticipated, LEAs may want to begin engaging stakeholders sooner rather than later around why this is the case, and what it means for the future.

Reserves / Reserve Cap

The school district reserve cap will be triggered for the first time in 2022-23. Small (less than 2,501 ADA) and community funded districts are exempt from this cap.

Districts should plan ahead to ensure they are able to manage the reserve cap requirements. Funds that are in the committed portion of the fund balance are not included in the reserve cap calculation; therefore, affected districts might consider a Board resolution that will set aside funds to create a stabilization reserve or for other specific uses. School district boards are further encouraged to adopt a formal policy regarding their minimum reserves. In all cases, districts are encouraged to maintain reserves in excess of the minimum requirement.

The county superintendent of schools may grant a school district under its jurisdiction an exemption from the requirements of the reserve cap for up to two consecutive fiscal years within a three-year period if the school district provides documentation indicating that extraordinary fiscal circumstances, including, but not limited to, multiyear infrastructure or technology projects, substantiate the need for a combined assigned or unassigned ending general fund balance that exceeds the cap limits.

Early Childhood Education

California Prekindergarten Planning and Implementation Grant Program

AB 167 established the California Prekindergarten Planning and Implementation Grant Program with \$300 million in one-time Prop. 98 funds to be allocated as follows:

- \$200 million is based on California Longitudinal Pupil Achievement Data System (CALPADS) Fall 1 kindergarten enrollment from the 2020-21 certification, as follows:
 - For LEAs with an enrollment of 1 to 23 pupils – base grant = \$25,000; 24 to 99 pupils – base grant = \$50,000; 100 or more pupils – base grant = \$100,000.
 - A minimum base grant for each COE of \$15,000 for each local educational agency in their county that operates kindergarten programs to support countywide planning and capacity building.
- \$100 million in one-time funding for competitive grants to increase the number of highly qualified preschool and TK teachers, as well as provide professional development for preschool, TK and kindergarten teachers. This can be single districts or a consortia of LEAs that apply to cover a particular service area.

Of the remaining funds after the above allocations:

- 60% shall be available as enrollment grants to be allocated based on the LEA's proportional share of total CALPADS Fall 1 kindergarten enrollment for the 2019-20 fiscal year, as applied to the total amount of program funds available for the enrollment grant.
- 40% shall be available as supplemental grants. These grants shall be allocated based on the LEA's CALPADS Fall 1 kindergarten enrollment minus the TK program enrollment for the 2019-20 fiscal year, multiplied by the LEA's unduplicated pupil percentage, as certified at the second principal apportionment.

Grant funds may be used for costs associated with creating or expanding California state preschool programs or TK programs, or to establish or strengthen partnerships with other providers of prekindergarten education within the LEA, including Head Start programs, to ensure that high-quality options for prekindergarten education are available for 4-year-old children. Allowable costs include, but are not necessarily limited to, planning costs, hiring and recruitment costs, staff training and professional development, classroom materials, and supplies.

California Preschool, Transitional Kindergarten and Full-Day Kindergarten Facilities Grant Program

SB 167 established the California Preschool, Transitional Kindergarten and Full-Day Kindergarten Facilities Grant Program to fund one-time grants to school districts to construct new school facilities or retrofit existing school facilities to provide TK classrooms and full-day kindergarten classrooms and for the construction of new preschool classrooms, the modernization of existing preschool classrooms, or the modernization of existing kindergarten

and grade 1 to 12, inclusive, classrooms that would be converted to provide California state preschool programs operated by school districts on a public school site. These grant funds shall not be used to purchase or install portable classrooms.

\$490 million is appropriated from the General Fund to the State Allocation Board to provide one-time grants as well as \$100 million for the 2018-19 fiscal year.

Summary

This edition of the Common Message serves to provide data and guidance to LEAs for fiscal planning and the development of their 2021-22 First Interim Report and multiyear projection. The information provided for fiscal year 2021-22 and beyond includes the latest known proposals and projections to assist with multiyear planning. As each LEA has unique funding and program attributes and needs, it remains essential that LEAs continuously assess their individual situations, work closely with their county offices of education, and plan accordingly to maintain fiscal solvency and educational program integrity.
