

## Hidden Valley Learning Center

### Ross Valley School District

Hidden Valley Elementary School

Kathleen Wolfe, Kristi Fish, and Teri Louer

*An inclusive environment that supports individual learning goals through differentiated instruction, deliberate team decision-making, and connection with a trusted adult to create a space where everyone belongs.*

Every student both struggles and excels in his or her own way. The Learning Center at Hidden Valley School has a multi-tiered instructional framework with competency and equity in mind. We provide students with differentiated instruction—including remediation, acceleration, and other academic and behavioral supports—at exactly the right time, and in the right measures, to meet individual learning goals.

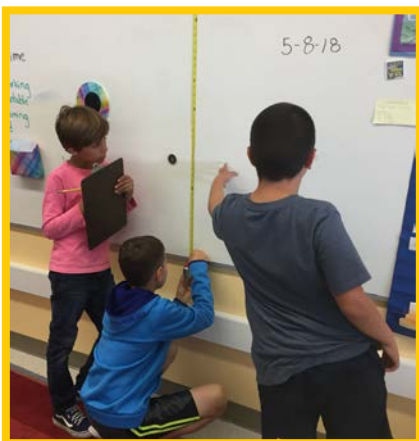

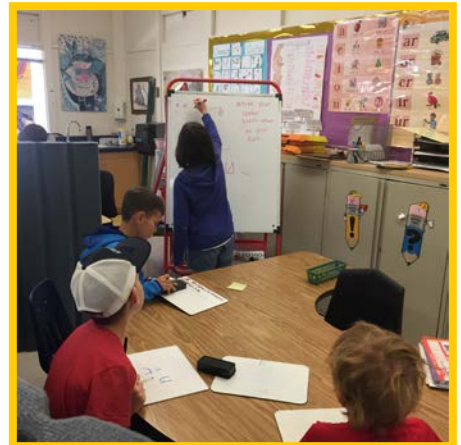

The Learning Center is an inclusive learning environment. Our program serves increasingly diverse and special populations of students,

closes performance gaps, and ensures achievement for all by connecting students to a trusted adult and a consistent team; creating a space where everyone belongs.

By building leadership teams, student support teams, and grade-level teams, a deliberate decision-making process is driven by data. Implementation depends on good decisions.

Teams look at problems by asking

- 1) What is the problem?
- 2) Why is the problem occurring?
- 3) What should we do about the problem? and
- 4) Did our solution work?

It is with this system in place and with the dedication and knowledge of students and their needs, that the Learning Center team offers Hidden Valley students a place to be their best selves.
